Safety Instruction Guide for 1" Thick Loose Muslin Wheels

Introduction

Thank you for choosing the 1" Thick Loose Muslin Wheels by Brownells. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully before using the wheels.

General Safety Guidelines

- Always follow the manufacturer's instructions for safe use.
- Ensure the product is suitable for your intended application.
- Keep the wheels away from children and vulnerable individuals.
- Regularly inspect the wheels for any signs of damage or wear before each use.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of injury from improper use or handling of the wheels.
- Potential for dust inhalation during use.
- Risk of burns or skin irritation from friction heat during operation.

- **Avoiding Hazards:**

- Always wear appropriate personal protective equipment (PPE), including safety goggles and dust masks.
- Ensure proper ventilation in the workspace to minimize dust inhalation.
- Use the wheels only for their intended purpose and within the specified size and arbor limits.
- Do not exceed the recommended maximum RPM for the wheels.
- Keep hands and loose clothing away from the wheels during operation.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the workspace is clean and free of obstructions.
- Verify that the wheel is compatible with your machine's arbor size ($\frac{1}{2}$ ", 5/8", $\frac{3}{4}$ ", 7/8", or 1").

2. Installation:

- Turn off and unplug the machine before installing the wheel.
- Remove any existing wheels from the machine.
- Align the wheel with the arbor and securely attach it, ensuring it is properly seated.
- Tighten the arbor nut according to the machine's specifications.

3. Usage:

- Turn on the machine and allow the wheel to reach full speed before making contact with the workpiece.

- Maintain a steady and controlled pressure on the wheel while polishing.
- Avoid applying excessive force, which may cause damage to the wheel or workpiece.
- Regularly check the wheel for wear and replace it if it shows significant signs of damage.

Disposal Instructions

- Dispose of the wheels in accordance with local waste disposal regulations.
- Do not dispose of the wheels in regular household waste if they contain hazardous materials.
- Consider recycling options where available.
