# Safety Instruction Guide for 1" Thick Loose Muslin Wheels

## Introduction

Thank you for choosing the 1" Thick Loose Muslin Wheels by Brownells. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read the following information carefully before using the wheels.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always wear appropriate personal protective equipment (PPE), including safety goggles and gloves, when operating the wheels.
- Inspect the wheels for any signs of damage before use. Do not use damaged wheels.
- Keep the work area clean and welllit to prevent accidents.
- Ensure that all safety guards and protective devices are in place and functioning correctly.
- Do not exceed the maximum operating speed as indicated on the product specifications.
- Store the wheels in a dry and safe place away from direct sunlight and moisture.

## Specific Safety Precautions for Use

- Always secure the wheel properly to prevent it from loosening during operation.
- Avoid using the wheels on materials that are not suitable for polishing.
- Do not apply excessive pressure while using the wheels; let the tool do the work.
- Keep hands and other body parts away from the spinning wheel.
- If you experience any unusual noise, vibration, or performance issues, stop using the wheel immediately and inspect it.
- Ensure that the wheel is compatible with the arbor size being used.
- Do not use the wheels for any purpose other than polishing.

## Instructions for Installation and Usage

### 1. Installation:

- Select the appropriate arbor size for your wheel (½", 5/8", ¾", 7/8", or 1").
- Ensure the machine is turned off and unplugged before installation.
- Securely attach the wheel to the machine's arbor, ensuring it is tightly fitted.
- Check that the wheel is properly aligned and that all safety guards are in place.

### 2. Usage:

- Plug in the machine and turn it on.
- Allow the wheel to reach full speed before beginning to polish.
- Hold the workpiece firmly against the wheel at a safe distance.
- Move the workpiece gently against the wheel, applying light pressure.
- After use, turn off the machine and unplug it before cleaning or changing the wheel.

## Disposal Instructions

- Dispose of the wheels according to local regulations regarding nonhazardous waste.
- Do not burn the wheels, as they may release harmful fumes.
- If the wheels are damaged or unusable, contact your local waste disposal facility for guidance.

## **Contact Information for Further Support**
