

MUSLIN WHEELS - BROWNELLS MUSLIN POLISH WHEEL, STITCHED, 6" X 3/8" THICK, 1/2" ARBOR

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Wheels](#)

Mainstay Of Any Polishing Room For Most Polishing Jobs

Spiral Stitched - used primarily for first cleaning operation on the gun with No. 140 Polish-O-Ray! to knock off old blue, dirt and rust and bring the metal to a bright finish. Also used by some operators instead of Soft Felt wheels - being of a more flexible nature, great care must be exercised to not round edges, or funnel and elongate screw and pin holes. Loose Muslin - used following each change of grit to smooth out grit marks and prepare the surface for the next finer grit. Also used to finish off the gun just prior to bluing. Note: - Use enough sections to make each wheel as wide as your polishing motor will handle - a minimum of three sections to each wheel. Never try to use the same wheel for different grit numbers. After a wheel is broken-in and in use, mark it with the grit number to be used on it and direction of rotation to be turned. Will increase wheel life, give better finishes and save hours of work.

Attributes

- Name: [BROWNELLS MUSLIN POLISH WHEEL, STITCHED, 6" X 3/8" THICK, 1/2" ARBOR](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 032638500

Safety Instruction Guide for Brownells 6" Stitched Muslin Wheel

Introduction

Thank you for purchasing the Brownells 6" Stitched Muslin Wheel. This guide provides essential safety instructions and usage guidelines to ensure safe operation and effective performance. Please read this document carefully before using the product.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure your workspace is clean, dry, and wellventilated.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the Muslin Wheel before each use for signs of wear or damage.
- Report any unsafe conditions or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear appropriate PPE, including safety goggles and gloves, to protect against dust and debris.
- **Machine Compatibility:** Ensure that the Muslin Wheel is compatible with your polishing motor. Use a minimum of three sections to create a wheel that fits securely.
- **Grit Management:** Never use the same wheel for different grit numbers. Mark the wheel with the grit number and direction of rotation to avoid confusion.
- **Avoiding Damage:** Be cautious not to round edges or elongate screw and pin holes when using the wheel. Use gentle pressure to maintain the integrity of the workpiece.
- **Loose Muslin Use:** When using loose muslin, ensure that it is employed after each grit change to avoid crosscontamination of grit.
- **Heat Management:** Avoid overheating the wheel during use, as excessive heat can damage both the wheel and the workpiece.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials.
- Ensure the polishing motor is unplugged before installation.

2. Installation:

- Select the appropriate arbor size (1/2", 5/8", 3/4", 7/8", or 1").
- Securely attach the Muslin Wheel to the polishing motor according to the manufacturer's specifications.
- Ensure the wheel is centered and properly aligned.

3. Usage:

- Plug in the polishing motor and allow it to reach full speed before introducing the workpiece.
- Apply the Muslin Wheel gently to the surface of the workpiece, using smooth and consistent motions.
- Monitor the wheel for wear and replace as necessary to maintain optimal performance.

Disposal Instructions

- Dispose of used Muslin Wheels in accordance with local regulations.
- Do not incinerate or dispose of the wheels in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to your local distributor or the manufacturer's website for contact details and support resources.

By following these guidelines, you can ensure safe and effective use of the Brownells 6" Stitched Muslin Wheel. Thank you for your attention to safety, and enjoy your polishing experience!
