

MUSLIN WHEELS - BROWNELLS MUSLIN POLISHING WHEEL, LOOSE, 8" X 20-PLY, 5/8" ARBOR

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Wheels](#)

Mainstay Of Any Polishing Room For Most Polishing Jobs

Spiral Stitched - used primarily for first cleaning operation on the gun with No. 140 Polish-O-Ray™! to knock off old blue, dirt and rust and bring the metal to a bright finish. Also used by some operators instead of Soft Felt wheels - being of a more flexible nature, great care must be exercised to not round edges, or funnel and elongate screw and pin holes. Loose Muslin - used following each change of grit to smooth out grit marks and prepare the surface for the next finer grit. Also used to finish off the gun just prior to bluing. Note: - Use enough sections to make each wheel as wide as your polishing motor will handle - a minimum of three sections to each wheel. Never try to use the same wheel for different grit numbers. After a wheel is broken-in and in use, mark it with the grit number to be used on it and direction of rotation to be turned. Will increase wheel life, give better finishes and save hours of work.

Attributes

- Name: [BROWNELLS MUSLIN POLISHING WHEEL, LOOSE, 8" X 20-PLY, 5/8" ARBOR](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 032820625

Safety Instruction Guide for MUSLIN WHEELS BROWNELLS 8" LOOSE MUSLIN WHEEL 5/8" ARBOR

Introduction

Thank you for choosing the MUSLIN WHEELS BROWNELLS 8" LOOSE MUSLIN WHEEL 5/8" ARBOR. This guide provides important safety information and instructions for the safe use of this product. Please read this guide carefully to ensure your safety and the proper use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product specifications.
- Always wear appropriate personal protective equipment (PPE) such as safety goggles and gloves when using the muslin wheel.
- Keep the work area clean and welllit to avoid accidents.
- Do not operate the polishing motor at speeds higher than the recommended specifications for the muslin wheel.
- Regularly inspect the muslin wheel for signs of wear or damage before use. Do not use a damaged wheel.
- Ensure that all electrical connections and equipment are in good working order to prevent electrical hazards.
- Store the muslin wheels in a dry, safe place away from direct sunlight and moisture.

Specific Safety Precautions for Use

- Use the muslin wheel only with compatible polishing motors that have a suitable arbor size.
- Do not exceed the recommended number of sections when assembling the wheel. A minimum of three sections is required for optimal performance.
- Avoid using the same wheel for different grit numbers to prevent contamination and ensure effective polishing.
- When marking wheels for grit numbers and direction of rotation, use nonpermanent markers to avoid damaging the wheel.
- Take care not to round edges or alter screw and pin holes during use, as this can compromise the integrity of the workpiece.
- If you notice excessive vibration or noise during operation, stop using the wheel immediately and inspect it for issues.

Instructions for Installation and Usage

1. Installation of Muslin Wheel:

- Ensure the polishing motor is turned off and unplugged.
- Select the appropriate arbor size for the muslin wheel (1/2", 5/8", 3/4", 7/8", or 1").
- Slide the muslin wheel onto the arbor, ensuring a snug fit.
- Secure the wheel in place according to the manufacturer's instructions for your polishing motor.

2. Using the Muslin Wheel:

- Plug in and turn on the polishing motor.
- Allow the wheel to reach the desired speed before introducing the workpiece.
- Gently apply the workpiece to the muslin wheel, moving it evenly across the surface.
- Avoid applying excessive pressure, as this can lead to damage to both the workpiece and the

wheel.

- After use, turn off the motor and unplug it before making any adjustments or removing the wheel.

Disposal Instructions

- Dispose of the muslin wheels in accordance with local regulations regarding textile waste.
- If the product is damaged or no longer usable, ensure it is disposed of in a manner that does not pose a risk to the environment or public health.

Contact Information for Further Support

For any queries or concerns regarding the safety and use of the MUSLIN WHEELS BROWNELLS 8" LOOSE MUSLIN WHEEL 5/8" ARBOR, please refer to the contact information provided by your retailer or manufacturer.

By following these safety guidelines and instructions, you can ensure a safe and effective experience while using the muslin wheels. Thank you for prioritizing safety in your polishing operations.
