

MUSLIN WHEELS - BROWNELLS MUSLIN POLISHING WHEEL, LOOSE, 10" X 20-PLY, 7/8" ARBOR

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Wheels](#)

Mainstay Of Any Polishing Room For Most Polishing Jobs

Spiral Stitched - used primarily for first cleaning operation on the gun with No. 140 Polish-O-Ray™! to knock off old blue, dirt and rust and bring the metal to a bright finish. Also used by some operators instead of Soft Felt wheels - being of a more flexible nature, great care must be exercised to not round edges, or funnel and elongate screw and pin holes. Loose Muslin - used following each change of grit to smooth out grit marks and prepare the surface for the next finer grit. Also used to finish off the gun just prior to bluing. Note: - Use enough sections to make each wheel as wide as your polishing motor will handle - a minimum of three sections to each wheel. Never try to use the same wheel for different grit numbers. After a wheel is broken-in and in use, mark it with the grit number to be used on it and direction of rotation to be turned. Will increase wheel life, give better finishes and save hours of work.

Attributes

- Name: [BROWNELLS MUSLIN POLISHING WHEEL, LOOSE, 10" X 20-PLY, 7/8" ARBOR](#)
- Manufacturer: [BROWNELLS](#)

Safety Instruction Guide for MUSLIN WHEELS BROWNELLS 10" LOOSE MUSLIN WHEEL 7/8" ARBOR

Introduction

Thank you for choosing the MUSLIN WHEELS BROWNELLS 10" LOOSE MUSLIN WHEEL 7/8" ARBOR. This guide provides essential safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the product.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the muslin wheels by following all instructions and safety precautions.
- **Enhanced Recalls:** Stay informed about any product recalls. If a recall occurs, follow the instructions provided for returning or exchanging the product.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety regulations similar to those of physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure that it is stored safely out of reach.
- **EU Contact Point:** For safety inquiries, please refer to the appropriate EU contact point.
- **Rapid Alerts:** Monitor updates regarding unsafe products through the Safety Gate system.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The muslin wheels are designed for polishing metal surfaces. Improper use can lead to injury or damage.
 - Avoid using the wheels on materials other than metal, as this can cause the wheels to degrade or pose safety risks.
- **Avoiding Hazards:**
 - Always wear appropriate personal protective equipment (PPE), including safety goggles and gloves, while using the muslin wheels.
 - Ensure that the polishing motor is securely mounted and in good working condition before use.
 - Do not exceed the recommended speed for the polishing motor to prevent wheel damage and potential injury.
- **Age Specific Warnings:**
 - This product is intended for use by adults only. Keep out of reach of children.

Instructions for Installation and Usage

- **Installation:**
 - Ensure that the polishing motor is turned off and unplugged before installation.
 - Select the appropriate arbor size (1/2", 5/8", 3/4", 7/8", or 1") based on your motor's specifications.
 - Carefully attach the muslin wheel to the polishing motor's arbor, ensuring a secure fit.

- Doublecheck that the wheel is properly aligned and that there is no wobbling before turning on the motor.

- **Usage:**

- Begin with the appropriate grit for the initial cleaning operation. Use No. 140 PolishORay for best results.
- Use the muslin wheel to remove old blue, dirt, and rust from the metal surface, bringing it to a bright finish.
- After each change of grit, use the loose muslin wheel to smooth out any grit marks and prepare the surface for the next finer grit.
- Never use the same wheel for different grit numbers to maintain effectiveness.
- Mark each wheel with the grit number and direction of rotation to increase wheel life and efficiency.
- Exercise caution to avoid rounding edges or altering screw and pin holes during polishing.

Disposal Instructions

- Dispose of the muslin wheels in accordance with local regulations.
- Do not dispose of the wheels in regular household waste if they contain hazardous materials.
- Check with local waste management authorities for specific disposal guidelines for polishing materials.

Contact Information for Further Support

For additional support or inquiries regarding safety or usage of the MUSLIN WHEELS BROWNELLS 10" LOOSE MUSLIN WHEEL 7/8" ARBOR, please refer to the appropriate contact point as per EU regulations.

By following these safety instructions, you can ensure the safe and effective use of your muslin wheels. Thank you for choosing our product, and we wish you a successful polishing experience.
