

# MUSLIN WHEELS - BROWNELLS MUSLIN POLISH WHEEL STITCHED 10" X 3/8" THICK, 7/8" ARBOR

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Wheels](#)

## Mainstay Of Any Polishing Room For Most Polishing Jobs

Spiral Stitched - used primarily for first cleaning operation on the gun with No. 140 Polish-O-Ray™! to knock off old blue, dirt and rust and bring the metal to a bright finish. Also used by some operators instead of Soft Felt wheels - being of a more flexible nature, great care must be exercised to not round edges, or funnel and elongate screw and pin holes. Loose Muslin - used following each change of grit to smooth out grit marks and prepare the surface for the next finer grit. Also used to finish off the gun just prior to bluing. Note: - Use enough sections to make each wheel as wide as your polishing motor will handle - a minimum of three sections to each wheel. Never try to use the same wheel for different grit numbers. After a wheel is broken-in and in use, mark it with the grit number to be used on it and direction of rotation to be turned. Will increase wheel life, give better finishes and save hours of work.

## Attributes

- Name: [BROWNELLS MUSLIN POLISH WHEEL STITCHED 10" X 3/8" THICK, 7/8" ARBOR](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 032938875
- Mfr. No.:
- Size: 10
- Style: Stitched
- Delivery weight: 0.159kg
- Shipping height: 10mm
- Shipping width: 254mm
- Shipping length: 246mm
- UPC: 050806003118

# **Safety Instruction Guide for MUSLIN WHEELS BROWNELLS 10" STITCHED MUSLIN WHEEL 7/8" ARBOR**

## **Introduction**

Thank you for choosing the MUSLIN WHEELS BROWNELLS 10" STITCHED MUSLIN WHEEL 7/8" ARBOR. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this document carefully before using the product to understand all safety precautions and proper usage guidelines.

## **General Safety Guidelines**

- Always use personal protective equipment (PPE) such as safety goggles, gloves, and dust masks when operating polishing wheels.
- Ensure that the polishing motor is securely mounted and in good working condition before attaching the muslin wheel.
- Check for any visible damage to the muslin wheel before use. Do not use if damaged.
- Keep the work area clean and welllit to avoid accidents.
- Ensure that children and pets are kept away from the work area during operation.
- Always follow the manufacturer's instructions for the polishing motor and muslin wheel.

## **Specific Safety Precautions for Use**

- Use the muslin wheel only for its intended purpose of polishing and finishing metal surfaces.
- Do not exceed the maximum recommended speed for the muslin wheel as indicated in the specifications.
- Avoid using the same wheel for different grit numbers to prevent contamination and ensure optimal performance.
- When changing the muslin wheel, ensure that the motor is turned off and unplugged.
- Never attempt to modify the muslin wheel or its components.
- Exercise caution to avoid rounding edges or elongating screw and pin holes during use.
- Dispose of any worn or damaged muslin wheels properly to prevent accidents.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Gather all necessary tools and safety equipment before beginning.
- Ensure the polishing motor is turned off and unplugged.

### **2. Attaching the Muslin Wheel:**

- Select the appropriate arbor size for your polishing motor (1/2", 5/8", 3/4", 7/8", or 1").
- Carefully slide the muslin wheel onto the arbor.
- Secure the muslin wheel using the appropriate locking mechanism according to the motor's instructions.

### **3. Using the Muslin Wheel:**

- Turn on the polishing motor and allow it to reach the desired speed.
- Gently apply the muslin wheel to the metal surface, using even pressure.
- Move the wheel in a consistent direction to avoid uneven finishes.
- Monitor the condition of the muslin wheel during use and replace it if it shows signs of excessive

wear or damage.

#### **4. PostUse Care:**

- After use, turn off the polishing motor and unplug it.
- Clean the work area and remove any debris.
- Store the muslin wheel in a cool, dry place away from direct sunlight.

## **Disposal Instructions**

- Dispose of used muslin wheels in accordance with local regulations.
- Do not dispose of muslin wheels in regular household waste if they contain hazardous materials.
- Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or product issues, please refer to the contact information provided with your product packaging or on the manufacturer's website.

By following these guidelines, you can ensure a safe and effective experience with your MUSLIN WHEELS BROWNELLS 10" STITCHED MUSLIN WHEEL 7/8" ARBOR. Thank you for your attention to safety!
