

# S&W M&P EXTRA-POWER MAGAZINE SPRING - BROWNELLS EXTRA POWER MAGAZINE SPRING FOR S&W M&P

[Magazines](#) > [Handgun Magazines](#) > [Magazine Parts](#) > [Magazine Springs](#)

## Applies More Pressure To Follower For Smooth Feeding From Extended Magazines

Extra-length magazine spring replaces factory-supplied spring for use with aftermarket magazine extenders and extended base pads that increase round capacity. Gives follower up to 10% more power for smooth, reliable feeding of rounds. Made of certified aerospace-spec chrome silicon wire, then heat-treated and stress-relieved to ISO 9000 standards.

# S&W M&P ExtraPower Magazine Spring Safety Instruction Guide

## Introduction

Thank you for choosing the S&W M&P ExtraPower Magazine Spring. This product is designed to enhance the performance of your S&W M&P pistols by providing increased power for reliable feeding of rounds. To ensure your safety and the optimal functioning of the product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always handle firearms and ammunition with care and respect.
- Ensure that you are familiar with your firearm and its operation before using this product.
- Store this product and all firearms out of reach of children and unauthorized users.
- Regularly inspect your magazine spring for wear or damage. Replace it if any issues are detected.
- Follow all local laws and regulations regarding the use of firearms and ammunition.
- Check for product recalls and safety updates through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Use only with S&W M&P pistols chambered in 9mm, .40 S&W, and .357 SIG.
- This magazine spring is designed for use with aftermarket magazine extenders and extended base pads. Ensure compatibility before installation.
- Do not exceed the recommended round capacity for your magazine.
- Avoid using damaged or malfunctioning magazines, as they may pose a safety risk.
- Always ensure that the firearm is unloaded before installing or removing the magazine spring.
- Wear safety glasses when handling firearms to protect your eyes from debris or accidental discharges.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a flathead screwdriver (if required for your magazine).

### 2. Removing the Old Spring:

- Disassemble your magazine according to the manufacturer's instructions.
- Carefully remove the old magazine spring from the magazine body.

### 3. Installing the New Spring:

- Insert the new S&W M&P ExtraPower Magazine Spring into the magazine body.
- Ensure that the spring is seated properly and aligned with the follower.

### 4. Reassembling the Magazine:

- Reassemble the magazine according to the manufacturer's instructions.
- Ensure that all components are securely in place.

### 5. Testing:

- Load the magazine with the appropriate number of rounds.

- Insert the magazine into your firearm and perform a function check to ensure proper operation.

## **Disposal Instructions**

- Dispose of the old magazine spring and any packaging materials in accordance with local waste disposal regulations.
- Do not dispose of springs in a manner that may pose a hazard to the environment or public safety.

## **Contact Information for Further Support**

For any questions or concerns regarding the S&W M&P ExtraPower Magazine Spring, please refer to the manufacturer's contact information provided with your product for assistance.

Thank you for prioritizing safety and responsible firearm use. Enjoy the enhanced performance of your S&W M&P pistol with the new magazine spring.
