

M16 5.56 BOLT CARRIER GROUP CHROME MP - BROWNELLS BRN

M16 BOLT CARRIER GROUP, MPI INSPECTED, CHROME

[Rifle Parts](#) > [Bolt Parts](#) > [Bolt Carrier Groups](#)

Classic Retro Chrome M16 Bolt Carrier Groups match the finish of the bolt found on the earliest AR-15 & M16 rifles introduced. The Brownells M16 Chrome 5.56 Complete Bolt Carrier Group included a bolt machined from 9310 steel, which is magnetic particle inspected & finished with a matte silver chrome finish. The carrier is fabricated from 8620 hardened steel and also receives the same, durable chrome application. In addition to the bolt and carrier, the extractor, gas key and cam pin also are chromed to ensure all moving parts are corrosion resistant. The Brownells M16 5.56 Chrome Complete Bolt Carrier Group is designed to work easily and reliably in any AR-15 or M16 rifle chambered in 5.56x45mm, 300 AAC Blackout or .223 Remington. The perfect complement to a retro build, these BCGs are available with or without forward assist serrations. The model without serrations is similar to the original BCG found on early AR-15s, such as the Air Force 601. The model with serrations could be found on early XM16E1 models in the mid-1960s. Durable, matte silver chrome Magnetic-particle inspected, 9310 bolt M16 8620 steel carrier (works with standard AR-15 rifles) Extractor includes spring and rubber insert Includes torqued and staked gas key Functions with any cartridge based on the 5.56 NATO cartridge case The Brownells M16 Chrome 5.56 Complete Bolt Carrier Group comes with a bolt, bolt carrier, gas key, firing pin, cam pin and a firing pin retaining pin.

Classic Retro Chrome M16 Bolt Carrier Groups match the finish of the bolt found on the earliest AR-15 & M16 rifles introduced. The Brownells M16 Chrome 5.56 Complete Bolt Carrier Group included a bolt machined from 9310 steel, which is magnetic particle inspected & finished with a slick chrome finish. The carrier is fabricated from 8620 hardened steel and also receives the same, durable chrome application. In addition to the bolt and carrier, the extractor, gas key and cam pin also are chromed to ensure all moving parts are corrosion resistant and as slick as possible. Safety Instruction Guide for M16 5.56 Bolt Carrier Group

Introduction

Thank you for choosing the Brownells M16 5.56 Bolt Carrier Group. This guide provides important safety instructions and information to ensure the safe use and maintenance of your product. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure safe handling of the bolt carrier group to prevent accidents.
- Always treat the firearm as if it is loaded, even if you believe it is not.
- Store the bolt carrier group and firearm in a secure location, out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding firearm use and storage.
- Regularly inspect the bolt carrier group for any signs of wear or damage.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using firearms.
- Ensure that the firearm is pointed in a safe direction at all times.
- Do not use the bolt carrier group with ammunition that does not meet the specifications for your firearm.
- Be aware of your surroundings and ensure that the area is clear of people and obstacles when firing.
- If you notice any malfunction or unusual behavior of the firearm, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. Ensure the firearm is unloaded and the chamber is clear.
2. Remove the existing bolt carrier group from the upper receiver.
3. Carefully insert the Brownells M16 5.56 Bolt Carrier Group into the upper receiver.
4. Ensure that the bolt carrier group is seated properly and that the gas key aligns with the gas tube.
5. Reinstall any necessary components, such as the charging handle.

Usage

- Always verify that the firearm is in good working condition before use.
- Load only compatible ammunition (5.56x45mm, 300 AAC Blackout, or .223 Remington).
- Perform a function check to ensure the firearm operates correctly with the new bolt carrier group.
- Follow all recommended shooting practices to ensure safety and accuracy.

Disposal Instructions

- Dispose of the bolt carrier group in accordance with local regulations regarding hazardous materials.
- If the bolt carrier group is damaged beyond repair, contact a qualified gunsmith for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Brownells M16 5.56 Bolt Carrier Group, please refer to the

manufacturer's website or contact customer support for assistance.

Conclusion

By following these safety instructions and guidelines, you can help ensure a safe and enjoyable experience with your Brownells M16 5.56 Bolt Carrier Group. Always prioritize safety and responsibility when handling firearms. Thank you for your attention to these important safety measures.
