## Add Aesthetic Durability to Your AR-15

Adding aftermarket components to an AR-15 doesn't have to be about practicality and utilitarianism. Sometimes, the look of a finished rifle plays into the selection of components. Get an eye-catching design in your rifle with the addition of the Brownells TiN M16 Bolt Carrier Group. The Brownells TiN M16 Bolt Carrier Group provides AR owners with both rugged durability and an incredibly stunning look, thanks to the bright gold titanium-nitride finish used on the surface of the carrier and bolt. The carrier is made using 8620 tool steel, while the bolt head is machined from durable 9310 tool steel. The bolt is magnetic-particle inspected to ensure that consumers get the best-possible components, and the carrier itself is heat-treated for added durability. Bolt-carrier group weighs 12 ounces Designed for use in 5.56 NATO, .223 Rem., .300 Blackout and .204 Ruger AR-15s Includes M16 carrier notch for reliable performance in full-auto rifles The Brownells TiN M16 Bolt Carrier Group arrives ready to install, completed with torqued and staked gas key and an O-ring already present on the extractor.

# Safety Instruction Guide for the Brownells TiN M16 Bolt Carrier Group

## Introduction

Thank you for choosing the Brownells TiN M16 Bolt Carrier Group. This product is designed for use in AR15 rifles chambered in 5.56 NATO and other compatible calibers. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding safety precautions, installation, usage, and disposal.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Read the firearm's manual and the manual for this product before use.
- Ensure that the product is compatible with your firearm model.
- Inspect the product for any signs of damage before installation and usage.
- Store all components in a safe place, out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding firearm modification and use.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installation.
- Wear appropriate safety gear, including eye protection, when handling firearms.
- Do not modify the product beyond the manufacturer's specifications.
- Ensure that the gas key is properly torqued and staked before use.
- Do not use this product if you notice any signs of wear or damage.
- Regularly inspect the bolt carrier group for proper function and wear.
- Only use ammunition that is specifically designed for your firearm.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing bolt carrier group from the firearm.
- Carefully insert the Brownells TiN M16 Bolt Carrier Group into the upper receiver.
- Ensure that the carrier is seated properly and that the charging handle can operate freely.
- Install the gas key and ensure it is torqued and staked correctly.
- Install the extractor Oring, if not already in place.

### 2. Usage:

- After installation, conduct a function check to ensure the bolt carrier group operates correctly.
- Use the firearm only in a safe environment and in accordance with all applicable laws.
- Regularly clean and maintain the bolt carrier group to ensure optimal performance.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the product is damaged or no longer usable, contact your local waste management authority for guidance on safe disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the Brownells TiN M16 Bolt Carrier Group, please consult the manufacturer's website or contact their support team.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your Brownells TiN M16 Bolt Carrier Group. Thank you for your attention to these important safety guidelines.
