

# MATCH GRADE BARRELS FOR GLOCK® 43 - BROWNELLS G43 BARREL 9MM BLACK NITRIDE

[Handgun Parts](#) > [Barrel Parts](#) > [Barrels](#)

## A Premium Barrel To Maximize the Performance of Your Pocket Glock~

The Glock® 43 is an outstanding EDC / CCW / personal defense pistol. It's not designed to punch the tightest groups on paper targets - but it has a lot more accuracy potential than folks may think. Drop in our Match-Grade Barrel for Glock® 43 and find out just how much more accuracy your G43 is ready to give you! What makes our Glock® 43 barrel match-grade is the way it's machined from hardened 416R stainless steel to precise dimensions for a tight lockup and long service life. Installation should be a straight drop-in deal on most guns. The extra-hard Black Nitride finish resists surface wear and stops in its tracks whatever corrosion might try to challenge the stainless steel. Ahead of the 9mm Luger (9x19mm) chamber is a button-rifled bore with standard, 1-10" right-hand, 6-groove rifling compatible with "practice" ammo with non-jacketed bullets. Fits Glock® 43 ONLY 416R stainless steel Black Nitride finish Button-rifled, 1-10" twist Threaded model has 1/2"-28 tpi threads. Our Match-Grade Barrel for the Glock® 43 is available with your choice of a Plain muzzle or Threaded (1/2"-28 tpi) to enable installation of a compensator or sound suppressor. Both are laser engraved with the chambering and the Glock model they fit.

# Safety Instruction Guide for MATCH GRADE BARRELS FOR GLOCK® 43

## Introduction

Thank you for choosing the Match Grade Barrel for Glock® 43 from Brownells. This product is designed to enhance the accuracy and performance of your Glock® 43 pistol. To ensure safe and effective use, please read this safety instruction guide carefully. It includes essential safety guidelines, installation instructions, and contact information for further support.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure that the barrel is compatible with your specific model of Glock® 43.
- Regularly inspect the barrel for any signs of wear or damage before use.
- Use only factorymanufactured ammunition that is appropriate for your firearm.
- Store the barrel and firearm in a secure location, away from children and unauthorized users.
- Be aware of your surroundings and ensure a safe shooting environment.

## Specific Safety Precautions for Use

- Do not attempt to modify the barrel or any other part of your firearm.
- Avoid using reloaded or handloaded ammunition unless you are certain of its safety.
- If you experience any malfunctions or issues while using the firearm, cease use immediately and consult a qualified gunsmith.
- Always wear appropriate eye and ear protection when firing your firearm.
- Be mindful of the potential for increased noise when using a threaded barrel with a compensator or sound suppressor.

## Instructions for Installation and Usage

### Installation

1. **Ensure Safety:** Before beginning the installation, ensure that the firearm is unloaded and pointed in a safe direction.
2. **Remove the Existing Barrel:** Follow the manufacturer's instructions to safely remove the existing barrel from your Glock® 43.
3. **Install the Match Grade Barrel:**
  - Align the new Match Grade Barrel with the slide.
  - Gently push the barrel into the slide until it is fully seated.
4. **Check Functionality:** After installation, perform a function check to ensure that the barrel operates correctly with your firearm.

### Usage

- Use the Match Grade Barrel exclusively with Glock® 43 models.
- Ensure that the ammunition used is 9mm Luger (9x19mm) and is compatible with the barrel specifications.
- If using the threaded model, ensure that any accessories such as compensators or sound suppressors are securely attached before firing.

## **Disposal Instructions**

- Dispose of any used or damaged barrels in accordance with local regulations.
- Do not dispose of firearms or firearm components in regular trash.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries, recall information, or product support, please refer to the EU contact point associated with this product. It is essential to stay informed about any updates or safety notices regarding your Match Grade Barrel for Glock® 43.

Thank you for your attention to these safety instructions. Always prioritize safety and responsible firearm handling. Enjoy the enhanced performance of your Glock® 43 with the Match Grade Barrel!
