Sets You Up To Install a Red Dot Sight on Your Pocket Glock?

There are multiple benefits to having a red-dot sight on your dedicated carry gun, including fast, easy sight alignment and a system capable of providing a clear, bright aiming point during low-light encounters. However, some of today's popular CCW guns just can't accommodate an RDS. Brownells is closing the gap with its RMRcc Cut Slide designed for the Glock G43. Based on our ""Front Cut"" slide we designed originally for the Glock G43, this RMRcc Cut Slide includes serrations at the front and rear of the slide for easy manipulation, which is a big help when you're fighting against the stiff recoil spring inside this compact 9mm. Just behind the ejection port, though, you'll see a cutout that's tailor-made to accept the Trijicon RMRcc red-dot sight. When you're not using a red-dot sight, the slide includes a cover plate with a dovetail designed to accept all standard Glock rear sights, and a slot at the front of the slide is compatible with Glock's front-sight tenon. Each Brownells RMRcc Cut Slide is machined from 17-4 stainless steel billet and treated with a matte-black Nitride finish. Internally, the dimensions are identical to Glock's OEM slides, so you can put factory Glock parts into the slide in order to build your complete gun. Note: this RMRcc Cut Slide includes the slide only. Consumers are responsible for either retaining the factory barrel and slide internals or finding new components to finish the slide. This slide does not require the use of a firing-pin channel liner.

Attributes

- Name: [BROWNELLS RMRCC SLIDE FOR GLOCK® 43 SS NITRIDE 9MM](#)

Safety Instruction Guide for RMRCC CUT SLIDE FOR GLOCK® 43

Introduction

Thank you for choosing the RMRCC Cut Slide for Glock® 43. This guide provides important safety information and instructions to ensure the safe use and installation of your slide. Please read this guide carefully before handling or using the product.

General Safety Guidelines

- Always treat firearms and related components with respect and caution.
- Ensure that you are familiar with the safe handling and operation of your firearm.
- Only use the RMRCC Cut Slide with a compatible Glock® model as specified.
- Do not modify the slide in any way that is not recommended by the manufacturer.
- Keep the slide and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the slide and firearm for signs of wear or damage. If any issues are found, discontinue use and consult a qualified gunsmith.
- Always wear appropriate eye and ear protection when handling firearms.

Specific Safety Precautions for Use

- Ensure the firearm is unloaded before installing or removing the slide.
- Use only factory Glock parts for internal components to ensure compatibility and safety.
- Avoid using the slide in conjunction with nonstandard or aftermarket parts unless explicitly stated by the manufacturer.
- Be aware that the RMRcc Cut Slide is designed for use with the Trijicon RMRcc reddot sight. Ensure proper installation and alignment when using this sight.
- If you experience any malfunctions, stop using the firearm immediately and have it inspected by a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools for installation, including a punch tool and any required screws.

2. Removing the Existing Slide

- Follow the manufacturer's instructions to safely remove the existing slide from your Glock® 43.
- Place the slide in a clean, safe workspace.

3. Installing the RMRCC Cut Slide

- Align the RMRCC Cut Slide with the frame of your Glock® 43.
- Carefully slide the new slide onto the frame, ensuring it is seated properly.
- If applicable, install the cover plate using the provided screws. Ensure it is securely fastened.

4. Installing the Trijicon RMRcc Sight

- Follow the manufacturer's instructions for mounting the Trijicon RMRcc sight onto the cutout of the slide.

- Ensure that the sight is securely attached and properly aligned.

5. Final Checks

- Inspect the installation to ensure that all components are securely fastened.
- Perform a function check of the firearm to ensure proper operation.

6. Usage

- When using your firearm, maintain proper grip and stance to manage recoil effectively.
- Always ensure that you are in a safe environment when firing your firearm.

Disposal Instructions

- Dispose of any damaged or wornout components in accordance with local regulations.
- Do not dispose of the slide or any firearm components in regular household waste. Instead, consult local authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, installation, or usage of the RMRCC Cut Slide for Glock® 43, please refer to the contact information provided by the manufacturer or authorized dealer.

Conclusion

Following these safety instructions will help ensure a safe and enjoyable experience with your RMRCC Cut Slide for Glock® 43. Always prioritize safety and responsibility when handling firearms and related components. Thank you for choosing our product.
