

# LEUPOLD TORX SCREWS - BROWNELLS TORX HEAD BASE SCREWS, 6-48 THREAD, .200" LENGTH, BLUE

[Gunsmith Tools](#) > [Sight & Scope Installation Tools](#) > [Replacement Sight Screws](#)

## Convenient 12 Paks Of The Most Useable Sizes For Scope Mounting Applications

Refill your Leupold factory screw kit or keep these extra-strong, heat-treated screws on hand for your customers and yourself. We've put together the most requested screw sizes in money-saving 12 Paks so it's easier to convert existing rings and bases to Torx head without having to buy more than you need. These are the same screws used by Leupold but will fit many other brands of rings and bases.

# LEUPOLD TORX SCREWS SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the Leupold Torx Screws from Brownells. These screws are designed for secure installation in various applications. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that all tools used for installation are in good condition and appropriate for the task.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling tools and screws.
- Keep screws and tools out of reach of children to prevent accidents.
- Inspect screws for any visible damage before use. Do not use damaged screws.
- Follow all local regulations regarding the use and disposal of hardware products.

## Specific Safety Precautions for Use

- **Hazard Identification:** Improper installation may lead to product failure or accidents. Sharp edges may be present; handle with care to avoid cuts.
- **Avoiding Hazards:** Always ensure screws are tightened to the manufacturer's specifications to prevent loosening. Do not overtighten screws, as this may cause stripping or breakage.
- **Vulnerable Groups:** Keep all hardware products, including screws, away from children and pets to avoid choking hazards.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a Torx screwdriver suitable for the screw size.
- Ensure the work area is clean and welllit.

### 2. Installation Steps:

- Align the screw hole with the corresponding surface.
- Insert the screw into the hole and use the Torx screwdriver to tighten.
- Ensure the screw is snug but avoid overtightening.
- Repeat the process for all screws as needed.

### 3. PostInstallation:

- After installation, check all screws for tightness.
- Inspect the installation area for any loose parts or potential hazards.

## Disposal Instructions

- Dispose of any unused or damaged screws in accordance with local waste disposal regulations.
- Do not dispose of screws in a manner that could pose a safety hazard to others, such as leaving them in open areas.

## **Contact Information for Further Support**

For further support or inquiries regarding safety, please refer to the manufacturer's contact information included with your product packaging.

Thank you for your attention to these safety instructions. Proper use and care of the Leupold Torx Screws will help ensure a safe and effective installation.
