

LEUPOLD TORX SCREWS - BROWNELLS TORX HEAD BASE SCREWS, 8-40 THREAD, .360" LENGTH, BLUE

[Gunsmith Tools](#) > [Sight & Scope Installation Tools](#) > [Replacement Sight Screws](#)

Convenient 12 Paks Of The Most Useable Sizes For Scope Mounting Applications

Refill your Leupold factory screw kit or keep these extra-strong, heat-treated screws on hand for your customers and yourself. We've put together the most requested screw sizes in money-saving 12 Paks so it's easier to convert existing rings and bases to Torx head without having to buy more than you need. These are the same screws used by Leupold but will fit many other brands of rings and bases.

Safety Instruction Guide for LEUPOLD TORX SCREWS

Introduction

Thank you for choosing the LEUPOLD TORX SCREWS. This guide provides important safety information, installation instructions, and proper usage guidelines to ensure your safety and satisfaction. Please read this guide carefully before using the product.

General Safety Guidelines

- Always ensure that the screws are compatible with your rings and bases.
- Inspect screws for any damage or defects before use.
- Store screws in a dry and safe place away from children and pets.
- Use appropriate tools to avoid injury during installation.
- Follow local regulations for the disposal of metal products.

Specific Safety Precautions for Use

- Keep screws out of reach of children to prevent choking hazards.
- Do not use damaged or worn screws as they may lead to failure during use.
- Ensure that tools used for installation are in good condition and suitable for Torx screws.
- Avoid using excessive force when tightening screws to prevent stripping or breaking.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a Torx screwdriver that fits the screw head.
- Ensure the work area is clean and welllit.

2. Installation:

- Align the screw with the predrilled hole in the ring or base.
- Insert the Torx screwdriver into the screw head.
- Turn the screwdriver clockwise to tighten the screw. Use moderate pressure to avoid stripping the screw head.
- Ensure the screw is secure but do not overtighten.

3. PostInstallation:

- After installation, check the screws periodically to ensure they remain tight and secure.
- If you notice any screws becoming loose, retighten them immediately.

Disposal Instructions

- Dispose of any unused or damaged screws in accordance with local waste disposal regulations.
- Recycle metal screws whenever possible.

Contact Information for Further Support
