

# LEUPOLD TORX SCREWS - BROWNELLS TORX HEAD BASE SCREWS 6-48 THREAD .350" LENGTH SS

[Gunsmith Tools](#) > [Sight & Scope Installation Tools](#) > [Replacement Sight Screws](#)

## Convenient 12 Paks Of The Most Useable Sizes For Scope Mounting Applications

Refill your Leupold factory screw kit or keep these extra-strong, heat-treated screws on hand for your customers and yourself. We've put together the most requested screw sizes in money-saving 12 Paks so it's easier to convert existing rings and bases to Torx head without having to buy more than you need. These are the same screws used by Leupold but will fit many other brands of rings and bases.

# Safety Instruction Guide for Leupold Torx Screws

## Introduction

Thank you for choosing Leupold Torx Screws by Brownells. These screws are designed for use in various applications including mounting rings and bases. This safety instruction guide provides essential information to ensure the safe and effective use of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure all tools and equipment used in conjunction with the screws are in good working condition.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling screws.
- Keep screws out of reach of children and vulnerable individuals.
- Regularly check for any product recalls or safety alerts related to this product on the EU Safety Gate platform.
- Report any unsafe products or accidents to the relevant authorities immediately.

## Specific Safety Precautions for Use

- Handle screws carefully to avoid injury. Sharp edges may be present.
- Do not use screws that show signs of damage, such as bending or corrosion.
- Ensure screws are compatible with the specific rings and bases you are using.
- Follow the manufacturer's specifications for torque settings to prevent overtightening, which may damage the screws or the mounting surface.
- If you experience difficulty during installation, stop and consult a professional to avoid accidents.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a Torx screwdriver that fits the screws.
- Ensure the surface where the screws will be installed is clean and free from debris.

### 2. Installation Steps:

- Align the screw with the predrilled hole in the mounting ring or base.
- Insert the screw into the hole, ensuring it is straight and not crossthreaded.
- Using the Torx screwdriver, gently tighten the screw until it is snug. Do not overtighten.
- Repeat the process for all screws required for your application.

### 3. PostInstallation:

- After installation, inspect the screws to ensure they are secure.
- Check the alignment of the mounted rings and bases to ensure proper installation.

## Disposal Instructions

- Dispose of any unused screws and packaging materials in accordance with local waste disposal regulations.
- Do not dispose of screws in a manner that could harm the environment or pose a safety risk to others.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of Leupold Torx Screws, please refer to the manufacturer's contact information provided on the packaging or the official website.

By following these guidelines, you can ensure the safe and effective use of Leupold Torx Screws. Thank you for your attention to safety.
