# Safety Instruction Guide for AR15/M16 Buffer Springs

## Introduction

Thank you for choosing the Brownells AR15 A2 Buffer Spring (CS). This guide provides essential safety instructions to ensure the safe use and handling of this product. Please read this document carefully before using the buffer spring.

## General Safety Guidelines

- Ensure that the buffer spring is compatible with your specific AR15 model before installation.
- Always handle firearms and their components with care and respect.
- Store the buffer spring in a safe place, out of reach of children and unauthorized individuals.
- Regularly inspect the buffer spring for signs of wear or damage before use.
- Follow all applicable laws and regulations regarding the use and modification of firearms in your area.

## Specific Safety Precautions for Use

- Do not use the buffer spring if it shows signs of deformation, rust, or any other damage.
- Ensure that the firearm is unloaded and the chamber is clear before installing or replacing the buffer spring.
- Wear appropriate safety gear, such as eye protection, when handling or installing firearm components.
- Avoid using excessive force during installation to prevent damage to the buffer spring or the firearm.
- If you are unsure about the installation process, consult a qualified gunsmith for assistance.

## Instructions for Installation and Usage

### 1. Preparation

- Gather the necessary tools, including a screwdriver and a punch tool if needed.
- Ensure you are working in a clean, welllit environment.

### 2. Remove the Old Buffer Spring

- Ensure the firearm is unloaded.
- Disassemble the buffer tube from the lower receiver according to the manufacturer's instructions.
- Carefully remove the old buffer spring from the buffer tube.

### 3. Install the New Buffer Spring

- Take the new Brownells AR15 A2 Buffer Spring (CS) and inspect it for any visible damage.
- Insert the new buffer spring into the buffer tube, ensuring it is seated properly.
- Reassemble the buffer tube onto the lower receiver, following the manufacturer's instructions.

### 4. Final Checks

- After installation, check that the buffer spring is functioning correctly by cycling the action of the firearm.
- Ensure the firearm operates smoothly without any binding or misalignment.

## Disposal Instructions

- Dispose of any old or damaged buffer springs in accordance with local regulations.
- Do not throw buffer springs in regular household waste. Instead, consider recycling options if available.
- If unsure about disposal methods, contact your local waste management authority for guidance.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the Brownells AR15 A2 Buffer Spring (CS), please reach out to the designated EU contact point associated with this product. Ensure that you have the product details available for reference.

## Conclusion

By following these safety instructions, you can help ensure a safe and effective experience with your Brownells AR15 A2 Buffer Spring (CS). Always prioritize safety and seek professional assistance if needed. Thank you for your attention to these guidelines.
