

# 1911 BARREL ALIGNMENT BLOCK - BRN BARREL ALIGNMENT BLOCK FOR 1911 COM/GOV'T/OFFICERS

[Gunsmith Tools & Supplies](#) > [Handgun Tools](#) > [Alignment Tools](#) > [Barrel Alignment Tools](#)

## Fast, Accurate Hood-To-Slide Fitting On 1911 Autos

Milled lug slot holds the barrel square in the slide for precise fitting of the hood to the bolt face slot. Provides a quick visual check for hood fit that eliminates time consuming assembly/disassembly for hood fitting. Fits between the slide rails to prevent barrel twist. Aids lockup and accuracy. May require minor fitting to slide.

# 1911 Barrel Alignment Block Safety Instructions

## Introduction

Thank you for purchasing the 1911 Barrel Alignment Block by Brownells. This product is designed to assist with the precise fitting of the barrel hood to the bolt face slot in your 1911 firearm. Please read and follow these safety instructions carefully to ensure safe use and compliance with EU safety regulations.

## General Safety Guidelines

- Always handle firearms with care and respect. Treat every firearm as if it is loaded.
- Ensure that you are familiar with the operation of your specific firearm model before using this product.
- Keep the Barrel Alignment Block out of reach of children and unauthorized users.
- Inspect the Barrel Alignment Block for any damage before use. Do not use if damaged.
- Always wear appropriate personal protective equipment, such as safety glasses, when using tools.
- Report any unsafe products or accidents to relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure the firearm is unloaded before using the Barrel Alignment Block.
- Do not force the Barrel Alignment Block into place; it should fit snugly without excessive pressure.
- Use the Barrel Alignment Block only for its intended purpose with compatible models: Government, Commander, and Officers.
- If you are unsure about the installation or fitting process, consult a qualified gunsmith.
- Avoid using the Barrel Alignment Block in wet or humid conditions to prevent corrosion.
- Do not modify the Barrel Alignment Block. Any alterations may lead to unsafe conditions.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including the Barrel Alignment Block.

### 2. Installation:

- Insert the Barrel Alignment Block into the slide rails of the firearm.
- Ensure that the milled lug slot holds the barrel square in the slide.
- Check that the alignment is correct and that the barrel does not twist.

### 3. Fitting the Hood:

- Use the Barrel Alignment Block to provide a quick visual check for hood fit.
- Make minor adjustments as necessary to achieve a proper fit between the hood and bolt face slot.
- If the fit is not satisfactory, consult a qualified gunsmith for further assistance.

### 4. PostUse:

- Remove the Barrel Alignment Block from the slide after fitting is complete.
- Store the Barrel Alignment Block in a dry place, away from moisture.

## **Disposal Instructions**

- Dispose of the Barrel Alignment Block in accordance with local regulations.
- Do not dispose of the Barrel Alignment Block in regular household waste if it is damaged or no longer usable.

## **Contact Information for Further Support**

For any inquiries regarding safety or usage, please contact the manufacturer or your local authorized dealer. Ensure you have the product details and any relevant information ready for assistance.

By following these safety instructions, you can ensure a safe and effective experience while using the 1911 Barrel Alignment Block. Thank you for prioritizing safety in your firearm maintenance.
