# RUGER® MK I™/MK II™ ALLEN HEAD GRIP SCREWS SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the RUGER® MK I™/MK II™ Allen Head Grip Screws. These screws are designed to enhance the appearance and functionality of your Ruger® Mk I™ or Mk II™ pistol. This safety instruction guide provides essential information to ensure the safe use, installation, and disposal of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Regularly inspect the screws for any signs of wear or damage before installation.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to local authorities.
- Stay informed about recall updates via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always use the appropriate tools to install or remove the screws to avoid injury or damage.
- Do not overtighten the screws, as this may strip the threads or damage the grip.
- Ensure that the screws are compatible with your specific Ruger® Mk I™ or Mk II™ model.
- Avoid using the screws in any application other than specified by the manufacturer.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather necessary tools: a 3/32" Allen wrench and a clean cloth.
- Ensure that the pistol is unloaded and pointed in a safe direction.

### 2. Installation:

- Remove the existing grip screws using the Allen wrench.
- Clean the screw holes to remove any debris or old threadlocker.
- Take one of the new Allen head grip screws and insert it into the corresponding hole.
- Use the Allen wrench to tighten the screw gently until it is snug. Do not overtighten.
- Repeat the process for all screws.

### 3. PostInstallation:

- Check that all screws are securely fastened.
- Inspect the grip for proper alignment and fit.
- Store any unused screws in a safe location.

## Disposal Instructions

- Dispose of any used or damaged screws responsibly, following local regulations for metal waste.
- Do not dispose of the screws in regular household waste.
- Consider recycling options available in your area.
