

AR-15 WRENCH SET - BROWNELL'S AR-15 WRENCH SET

[Gunsmith Tools](#) > [Rifle Tools](#) > [Wrenches](#)

Helps You Quickly Perform Important Maintenance Tasks The Right Way

We've bundled two of our most-popular AR wrenches into a handy kit that sets you up to perform critical maintenance, repair, and new-gun building tasks. Our Combination Wrench is an exact duplicate of the original military tool used for removal/installation of the barrel nut, old- and new-style flash suppressors, and the A2-type rifle lower receiver extension. The Buttstock Tool has a spanner wrench to fit the receiver extension castle nut on M4-style collapsible buttstocks, and it includes interchangeable pins to fit both old- and new-style nuts, so you're ready for either type of nut. For fixed rifle buttstocks, it has a screwdriver blade to remove the buttplate screws and a wrench for the nut on the receiver extension (buffer) tube. There's even a $\frac{1}{2}$ " square opening for a torque wrench. Steel, black oxide finish.

Attributes

- Name: [BROWNELL'S AR-15 WRENCH SET](#)
- Manufacturer: [BROWNELL'S](#)
- Product no.: 080001157
- Mfr. No.: AWSJ

AR15 Wrench Set Safety Instruction Guide

Introduction

Thank you for choosing the AR15 Wrench Set by Brownells. This guide provides essential safety information and instructions to ensure the safe and effective use of your wrench set. Please read and follow these guidelines carefully.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Keep the wrench set out of reach of children and vulnerable individuals.
- Always inspect the tools before use for any signs of damage or wear.
- Use personal protective equipment (PPE) such as gloves and safety glasses when using the tools.
- Do not modify the tools or use them for purposes other than those specified.
- Store the wrench set in a dry, secure place to prevent damage and unauthorized access.

Specific Safety Precautions for Use

- When using the Combination Wrench, ensure it is securely fitted to the component being worked on to avoid slippage.
- For the Buttstock Tool, make sure the spanner wrench is properly engaged with the castle nut to prevent injury.
- Be cautious when using the screwdriver blade to avoid injury from slipping or excessive force.
- If using the torque wrench, ensure it is calibrated correctly to avoid overtightening and potential damage to components.
- Always follow manufacturer instructions for any components you are working on to ensure safety and compliance.

Instructions for Installation and Usage

1. Combination Wrench Usage

- Identify the component you need to work on (barrel nut, flash suppressor, or lower receiver extension).
- Select the appropriate side of the Combination Wrench for the task.
- Fit the wrench securely onto the component and apply steady force to loosen or tighten as needed.
- Regularly check the fit to ensure it remains secure during use.

2. Buttstock Tool Usage

- For M4style collapsible buttstocks:
 - Attach the spanner wrench to the receiver extension castle nut.
 - Turn the wrench clockwise to tighten or counterclockwise to loosen.
 - Use interchangeable pins as necessary for old or newstyle nuts.
- For fixed rifle buttstocks:
 - Use the screwdriver blade to remove buttplate screws.
 - Use the wrench for the nut on the receiver extension (buffer) tube.

3. Torque Wrench Usage

- Insert the $\frac{1}{2}$ " square opening into the torque wrench.
- Follow the torque specifications for the specific component you are working on to avoid damage.

Disposal Instructions

- Dispose of the wrench set in accordance with local regulations.
- Do not dispose of tools in household waste. Check for recycling programs or hazardous waste disposal options in your area.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the AR15 Wrench Set, please refer to the manufacturer's contact information provided with the product packaging.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your AR15 Wrench Set. Always prioritize safety and proper usage to protect yourself and others. Thank you for your attention to these important safety measures.
