

# BLANK SCREW KIT - BROWNELLS BLANK SCREW 120 PIECE KIT

[Gunsmith Tools](#) > [Small Hardware](#) > [Metal Screws](#)

## Gun Screws Unlimited; With Drill Press & Dies You Can Make Most Gun Screws

All that is needed is a die with the right threads to make a vast variety of gun screws simply and immediately! You will also need a file, and either a drill press or a pin vise. You can give them any thread length, any overall length and any head thickness desired. Blanks are made of easy-to-thread, tough, forging steel. If hard wearing surface is desired after threading, screws should be treated in Brownells Surface Hardening Compound (#083-000-033).

## Attributes

# Safety Instruction Guide for BLANK SCREW KIT BROWNELLS 120 PIECE KIT

## Introduction

Thank you for choosing the BLANK SCREW KIT BROWNELLS 120 PIECE KIT. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read and follow these guidelines carefully to minimize risks and maximize your experience.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear.
- Report any unsafe product conditions or accidents to the relevant authorities.
- Stay informed about potential recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, when working with screws and tools.
- Use the correct die with the appropriate threads to avoid stripping or damaging screws.
- Ensure that your work area is clean and free from hazards to prevent accidents.
- Do not use excessive force when threading screws to avoid breakage or injury.
- If using a drill press, ensure it is set up correctly and securely to avoid accidents.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a die, file, drill press or pin vise.
- Ensure your work area is welllit and organized.

### 2. Threading Screws:

- Select the appropriate blank screw size from the kit.
- Attach the die to the blank screw securely.
- Thread the screw by turning the die clockwise. Apply steady pressure without forcing it.
- Use a file to smooth any rough edges after threading.

### 3. Length and Thickness Customization:

- You can customize the thread length, overall length, and head thickness as desired.
- Measure carefully to ensure accuracy.

### 4. Surface Hardening (Optional):

- If a hardwearing surface is desired, treat the screws in Brownells Surface Hardening Compound (#083000033) after threading.

### 5. Storage:

- Store the screws in a dry, cool place, away from direct sunlight and moisture.
- Ensure the kit is kept in its original packaging for easy identification and organization.

## **Disposal Instructions**

- Dispose of any unused or damaged screws in accordance with local waste disposal regulations.
- Do not dispose of screws in regular household waste if they are considered hazardous.
- Check with local authorities for specific disposal guidelines for metal products.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the BLANK SCREW KIT BROWNELLS 120 PIECE KIT, please refer to the product packaging for the appropriate contact information. Your safety is our priority, and we are here to assist you.

Thank you for prioritizing safety while using the BLANK SCREW KIT BROWNELLS 120 PIECE KIT. Enjoy your crafting and projects!
