

# BOLT LAPPING TOOLS - BROWNELLS BOLT LAPPING TOOL BODY PLUNGER, SMALL

[Gunsmith Tools](#) > [Rifle Tools](#) > [Bolt Tools](#) > [Bolt Lapping Tools](#)

## Interchangeable Design Gives Constant Spring Pressure For Precise Mating Of Locking Lug Recesses

Spring-loaded tool gives constant, straight-back pressure to keep bolt lugs square against the receiver while lapping with 600 to 800 grit, silicon carbide abrasive. Provides better results than mere thumb pressure. Interchangeable threaded sleeves fit popular actions listed below.

# BOLT LAPPING TOOLS SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the BOLT LAPPING TOOLS BROWNELLS BOLT TOOL BODY SMALL PLUNGER ONLY. This product is designed to assist in lapping bolts for improved fit and function in firearms. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the tool in accordance with the manufacturer's instructions.
- Ensure the work area is clean, welllit, and free from distractions.
- Keep the tool out of reach of children and unauthorized users.
- Use appropriate personal protective equipment (PPE), such as safety goggles and gloves, during operation.
- Inspect the tool before each use for any signs of damage or wear. Do not use if damaged.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Use only the recommended abrasive grits (600 to 800 grit silicon carbide) with this tool.
- Ensure the bolt is securely positioned in the receiver before applying pressure with the tool.
- Avoid using excessive force; the springloaded mechanism provides adequate pressure for lapping.
- Do not modify the tool or use it for purposes other than intended.
- If you experience any discomfort or pain while using the tool, stop immediately and seek assistance.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials, including the BOLT TOOL BODY, plunger, and appropriate sleeve.
- Ensure the firearm is unloaded and the work area is secure.

### 2. Assembly:

- Select the correct threaded sleeve for your firearm model.
- Attach the sleeve to the BOLT TOOL BODY by screwing it into place until secure.
- Insert the plunger into the BOLT TOOL BODY.

### 3. Lapping Process:

- Apply a small amount of lapping compound to the bolt lugs.
- Position the bolt in the receiver and engage the tool.
- Gently pull the plunger straight back to apply consistent pressure while lapping.
- Periodically check progress and reapply lapping compound as needed.

### 4. PostUse:

- Clean the tool and all components after use to prevent damage and ensure longevity.
- Store the tool in a safe location, out of reach of children.

## **Disposal Instructions**

- Dispose of the tool in accordance with local regulations.
- Do not dispose of the tool in regular household waste if it is damaged or contains hazardous materials.
- Check with local authorities for proper disposal methods for tools and abrasives.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of this product, please refer to the manufacturer's contact information provided with the product packaging or visit the manufacturer's website for additional support.

Thank you for your attention to these safety instructions. Your adherence to these guidelines will help ensure a safe and effective experience with the BOLT LAPPING TOOLS BROWNELLS BOLT TOOL BODY SMALL PLUNGER ONLY.
