# Safety Instruction Guide for Brownells Allen Head Fixed Blade Screwdrivers

## Introduction

Thank you for choosing the Brownells Allen Head Fixed Blade Screwdrivers. These precision engineered tools are designed for enhanced control and durability during firearms maintenance and assembly tasks. This safety instruction guide is provided to ensure the safe and effective use of these screwdrivers in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the safety instructions before using the product.
- Ensure the product is used only for its intended purpose.
- Regularly inspect the screwdrivers for any signs of wear or damage before use.
- Keep the screwdrivers out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to authorities immediately.
- Stay informed about recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use the correct size screwdriver for the corresponding Allen head screw to prevent damage.
- Always maintain a firm grip on the handle to ensure control during use.
- Avoid applying excessive force, as this may lead to slippage or damage to the screwdriver or the screw.
- Do not use the screwdriver if the handle or shaft is damaged.
- Store the screwdrivers in a safe, dry place when not in use to prevent damage and ensure longevity.

## Instructions for Installation and Usage

### 1. Selecting the Right Screwdriver:

- Choose the appropriate screwdriver size based on the Allen head screw you are working with. Sizes available include:
  - 1/16"
  - 5/64"
  - 3/32"
  - 7/64"
  - 1/8"
  - 3.5mm
  - 5/32"

### 2. Using the Screwdriver:

- Insert the screwdriver tip into the Allen head screw.
- Ensure the screwdriver is fully seated in the screw head before applying torque.
- Turn the handle clockwise to tighten and counterclockwise to loosen the screw.
- If the screw is stubborn, utilize the hex wrench section of the screwdriver for additional torque.

### 3. PostUse Care:

- Clean the screwdriver after each use to remove any debris or residue.
- Inspect the screwdriver for any signs of damage or wear before storing.
- Store the screwdrivers in a designated toolbox or holder to prevent loss or damage.

## **Disposal Instructions**

- Dispose of the screwdrivers in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, consider recycling options where available.
- If the screwdrivers are damaged beyond use, ensure they are disposed of safely to avoid injury.

## **Contact Information for Further Support**
