# Safety Instruction Guide for 11° .38.45 Intermediate Chamfering Kit

## Introduction

Thank you for choosing the 11° .38.45 Intermediate Chamfering Kit. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the kit.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the chamfering kit.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the kit before each use to ensure all components are in good condition.
- Do not use the kit for purposes other than those specified by the manufacturer.
- Report any unsafe conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Sharp Edges:** The cutters and pilots are sharp. Handle them with care to avoid cuts and injuries.
- **Proper Handling:** Always hold the tool securely and maintain a firm grip during use.
- **Work Area:** Ensure your work area is clean, welllit, and free from distractions.
- **Tool Maintenance:** Regularly check and maintain the condition of the cutters and pilots to ensure optimal performance.
- **Avoid Overexertion:** Do not apply excessive force while using the kit to prevent accidents and damage to the tool.
- **Storage:** Store the kit in a dry place, away from moisture and extreme temperatures.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and equipment.
- Ensure that you have the correct cutter and pilot for your specific application.

### 2. Installation:

- Select the desired facing cutter and pilot from the kit.
- Attach the cutter securely to the appropriate tool (e.g., hand tool or drill).
- Ensure the pilot is properly seated and secured.

### 3. Usage:

- Position the workpiece securely on a stable surface.
- Align the cutter with the edge of the workpiece.
- Start the tool and apply light pressure to begin chamfering.
- Gradually increase pressure as needed, but avoid forcing the tool.
- Maintain a steady pace and monitor the progress.
- Once finished, turn off the tool and remove the workpiece.

### 4. PostUsage:

- Clean the tool and components after use to remove any debris.
- Store the kit in its designated case or storage area.

## **Disposal Instructions**

- Dispose of the product and any associated materials in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling options or designated disposal sites.

## **Contact Information for Further Support**

For any inquiries related to safety, usage, or product support, please refer to the manufacturer's website or contact their customer service.

By following these safety instructions, you can ensure a safe and effective experience with the 11° .38.45 Intermediate Chamfering Kit. Thank you for your attention to safety.
