Safety Instructions for 11° .38.45 Intermediate Chamfering Kit

Introduction

Thank you for choosing the 11° .38.45 Intermediate Chamfering Kit. This product is designed to enhance your chamfering tasks safely and effectively. Please read this safety instruction guide carefully to ensure proper use and to minimize any risks associated with the product.

General Safety Guidelines

- Ensure that all users read and understand these safety instructions before using the product.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when operating the kit.
- Keep the workspace clean and organized to prevent accidents.
- Store the kit in a dry, secure location out of reach of children and pets.
- Regularly inspect the kit for any signs of wear or damage before use.

Specific Safety Precautions for Use

- Use the product only for its intended purpose as described in this manual.
- Do not modify or attempt to repair the kit without proper guidance from a qualified technician.
- Avoid loose clothing and jewelry that may get caught in moving parts.
- Always ensure that the workpiece is securely clamped or held in place to prevent movement during operation.
- Do not exceed the recommended cutting speed to avoid overheating and potential injury.
- In case of any malfunction or unusual noise during use, stop immediately and inspect the kit.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before beginning installation.
- Ensure the workspace is clean and welllit.

2. Installation:

- Select the appropriate facing cutter and pilot for your specific needs.
- Securely attach the cutter to the chamfering tool according to the manufacturer's instructions.
- Ensure that all components are tightened and properly aligned before use.

3. Usage:

- Position the workpiece securely, ensuring it is stable and will not move during operation.
- Adjust the chamfering tool to the desired angle (11 degrees) and cutting depth.
- Begin operation at a slow speed, gradually increasing as necessary while monitoring the cutting process.
- After completing the chamfering, turn off the tool and remove the workpiece safely.

Disposal Instructions

- Dispose of the product in accordance with local regulations and guidelines for hazardous waste.
- Do not throw the kit in regular household waste.

- For any components that are worn out or damaged, refer to local disposal facilities for proper recycling or disposal options.

Contact Information for Further Support

If you have any questions or require assistance regarding the use of the 11° .38.45 Intermediate Chamfering Kit, please reach out to your local distributor or the manufacturer for support.

By following these safety instructions, you can ensure a safer and more efficient experience with your 11° .38.45 Intermediate Chamfering Kit. Thank you for your attention to safety.
