# 90° Chamfer Cutter Safety Instruction Guide

## Introduction

Thank you for choosing the 90° Chamfer Cutter. This tool is designed to help you adjust the barrel/cylinder gap, square the rear barrel face, and eliminate high spots in firearms. Please read this safety instruction guide carefully before using the product to ensure safe and effective use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, when using the tool.
- Keep the tool out of reach of children and unauthorized users.
- Regularly inspect the tool for any signs of damage or wear before use.
- Do not use the tool if it is damaged or malfunctioning.
- Follow all local laws and regulations regarding the use of firearmrelated tools.

## Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded and pointed in a safe direction before using the chamfer cutter.
- Use the tool in a wellventilated area to avoid inhalation of any dust or debris created during use.
- Do not use excessive force when operating the tool; let the cutter do the work.
- Avoid contact with moving parts to prevent injury.
- Store the tool in a secure location when not in use to prevent unauthorized access.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is unloaded and that you are in a safe environment.
- Gather all necessary tools and PPE.

### 2. Choosing the Right Size:

- Select the appropriate size of the chamfer cutter based on your firearm model:
  - .540" for Ruger® Security Six®, GP100®; S&W K; Colt Mk III, Official Police; Charter Arms
  - .560" for S&W L
  - .625" for S&W N; Ruger® Blackhawk®, Super Blackhawk®
  - .687" for Ruger® Redhawk®

### 3. Using the Chamfer Cutter:

- Hold the chamfer cutter firmly.
- Align the cutter with the area you wish to chamfer.
- Gently apply pressure and rotate the cutter to achieve the desired chamfer.
- Regularly check your progress to avoid excessive material removal.

### 4. PostUse Care:

- Clean the tool after use to remove any debris.
- Inspect the cutter for any damage and store it properly.

## **Disposal Instructions**

- Dispose of the tool in accordance with local regulations.
- If the tool is no longer usable, consider recycling components where possible to minimize environmental impact.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the safety and use of the 90° Chamfer Cutter, please refer to the product packaging or visit the manufacturer's website for more information.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience while using the 90° Chamfer Cutter. Always prioritize safety and adhere to the guidelines provided. Thank you for your attention to these important safety measures.
