

POLISH-O-RAY® - 240 GRIT POLISH-O-RAY

[Gunsmith Tools & Supplies](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Compounds](#)

Shop-Proven Premium-Grade Polish For The Professional

The answer to a gun polisher's dream! Made to the highest standards of quality with carefully screened, true-sized grits for reliable, repeatable results and a natural, greaseless base that doesn't leave a residue to mess up bluing or plating jobs. Packed in a formed, flexible plastic tube to stay fresh between uses. 1) Unlike hard drying abrasives, Polish- O-Ray® sets up to a medium soft surface without flinty hard flakes which, regardless of grit size being used, can do serious damage to a polished surface. 2) It is easily applied to polishing wheels without stopping the motor. Simply press the open end of the tube to your wheel; the polish adheres to the moving surface, hardens in a few seconds and is ready for use. 3) Because of its softer nature, a true, ripple-free surface is quickly obtained on all wheels. The best possible polished surface, free from ripples and bounce marks, is your assurance of a superior, professional refinishing job. Polish-O-Ray® does this for you. 4) Polish-O-Ray® has been used by gunsmiths, metal finishers, and aircraft manufacturers since the early 1940's. Wherever a quality surface, free from chatter marks, scratch marks and imperfections is required, the use of Polish-O-Ray® is a MUST. One precision manufacturer in the southeast orders by the keg. And, where else but on a gun does a perfect finish draw more praise and admiration? These beautiful finishes are the reason for Polish-O-Ray®'s continuing popularity among our country's gunsmiths and serious hobbyists. By following the "Master Metal Polisher's" technique, it is possible to obtain a top quality finishing job in a minimum of time with P-O-R®. Complete instructions are in our Bluing Instruction Booklet (#076-200-135) and the book Gunsmith Kinks™. It consists; mainly, of starting with the coarsest grit and polishing the surface in one direction; then, with the next finer grit on a different wheel polishing at 45° angles to the first "pass". By following this procedure down through the finer grit numbers, the final surface is unequalled for quality and perfection. Polish-O-Ray® is shipped in a resealable outer bag. Put the tube back in the bag, seal with a twist tie and ALWAYS store all your Polish-O-Ray® - brand new or partially used - in the refrigerator for longest life.

POLISHORAY® 240 GRIT POLISHORAY Safety Instruction Guide

Introduction

Welcome to the safety instruction guide for POLISHORAY® 240 GRIT POLISHORAY. This guide is designed to ensure the safe and effective use of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully to understand how to use this product safely and efficiently.

General Safety Guidelines

- Always read the product label and instructions before use.
- Store the product out of reach of children and vulnerable individuals.
- Ensure proper ventilation in the area of use to avoid inhalation of dust.
- Avoid contact with skin and eyes. Use appropriate personal protective equipment (PPE).
- In case of accidental contact, rinse immediately with plenty of water and seek medical advice if necessary.
- Dispose of the product and its packaging responsibly, following local regulations.
- Regularly check for updates on product safety and recalls via the EU Safety Gate platform.

Specific Safety Precautions for Use

• Personal Protective Equipment (PPE):

- Wear safety goggles to protect your eyes from dust and particles.
- Use gloves to prevent skin irritation.
- Consider wearing a dust mask to avoid inhaling particles.

• Work Environment:

- Ensure that the workspace is clean and free of clutter.
- Use the product in a wellventilated area to minimize inhalation risks.

• Handling and Application:

- Do not use the product near open flames or sparks.
- Avoid using excessive force when applying the polish to prevent damage to surfaces.
- Do not mix with other products unless specified.

• Emergency Measures:

- In case of accidental ingestion, do not induce vomiting. Seek medical attention immediately.
- For skin contact, wash the affected area with soap and water. If irritation persists, consult a physician.
- If inhaled, move to fresh air. If symptoms persist, seek medical attention.

Instructions for Installation and Usage

1. Preparation:

- Ensure the surface to be polished is clean and free of debris.
- Select the appropriate polishing wheel for your project.

2. Application:

- Open the POLISHORAY® tube carefully.
- Without stopping the polishing wheel, press the open end of the tube against the wheel.
- Allow the polish to adhere to the moving surface.

3. Polishing Process:

- Start with the coarsest grit and polish in one direction.
- Switch to a finer grit on a different wheel and polish at a 45° angle to the first pass.
- Repeat this process, progressing through finer grits for the best finish.

4. PostUse:

- Clean the polishing wheel after use to maintain its effectiveness.
- Reseal the POLISHORAY® tube and store it in the provided resealable bag.

5. Storage:

- Store the product in a cool, dry place, preferably in the refrigerator for maximum shelf life.
- Keep the product out of reach of children.

Disposal Instructions

- Dispose of the POLISHORAY® tube and any unused product in accordance with local regulations.
- Do not dispose of the product down the drain or in regular household waste.
- Check with local waste management authorities for specific disposal requirements.

Contact Information for Further Support

For any safety inquiries or additional support regarding POLISHORAY® 240 GRIT POLISHORAY, please refer to the manufacturer's contact details provided on the product packaging or visit the manufacturer's website.

By following this safety instruction guide, you can ensure the safe use of POLISHORAY® 240 GRIT POLISHORAY while achieving the best possible results in your polishing projects. Thank you for choosing POLISHORAY®!
