

# STARTER PUNCH SET - COMPLETE REPLACEABLE STARTER PUNCH SET

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Punches](#)

## Keeps Those Longer Pin/Drift Punches From Self-Destructing

We are constantly encouraging you to always use starting punches to break tight pins loose - then use a "drift" or pin-punch to drive the pin the rest of the way out. This saves bending pin punches, but much more importantly, it prevents fine guns from getting pin punch mars should the pin punch bend and slip - or - break, and scratch. To bring you the best possible Starter Punches, we have had special, Short Replaceable Pins made up to fit our famous Gunsmith's Replacement Punch Set Handles. Their regular use will definitely improve your production . . . and your professionalism!

## Attributes

# Starter Punch Set Safety Instructions

## Introduction

Thank you for choosing the Starter Punch Set Complete Replaceable Starter Punch Set by BROWNELLS. This product is designed to assist you in safely loosening tight pins without damaging your tools or firearms. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always use the Starter Punches as intended to prevent accidents.
- Ensure you are using the correct size punch and pin for your specific application.
- Keep the Starter Punch Set out of reach of children and vulnerable individuals.
- Inspect the punches and pins for damage before each use. Do not use damaged tools.
- Store the Starter Punch Set in a dry and safe location when not in use.
- Follow all local regulations regarding the use of tools and safety equipment.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the Starter Punch Set.
- Ensure that your work area is clean and free of obstacles to prevent tripping or accidents.
- When using the punch set, maintain a firm grip and steady hand to control the tool effectively.
- Avoid applying excessive force that could lead to tool breakage or personal injury.
- If you experience difficulty removing a pin, stop and reassess your technique rather than forcing the punch.
- Be mindful of pinch points and sharp edges when handling the punches and pins.

## Instructions for Installation and Usage

### 1. Selecting the Right Punch and Pin:

- Choose the correct punch size based on the diameter of the pin you are working with. Refer to the replacement pin sizes:
  - .039" for 3/64" diameter pins
  - .060" for 1/16" diameter pins
  - .091" for 3/32" diameter pins

### 2. Using the Starter Punch:

- Place the punch on the pin you wish to remove.
- Gently tap the punch with a hammer or mallet to start loosening the pin.
- Once the pin is loosened, switch to a drift or pinpunch to drive the pin out completely.
- Always ensure your hands and fingers are clear of the punch path.

### 3. Replacing Pins:

- To replace a worn or damaged pin, simply remove the old pin from the punch handle.
- Insert a new pin of the correct size into the handle until it is securely fitted.

### 4. Cleaning and Maintenance:

- After use, clean the punches and pins to remove any debris or residue.
- Store the set in its original packaging or a designated tool box to prevent damage.

## **Disposal Instructions**

- Dispose of any damaged or wornout punches and pins in accordance with local regulations.
- Recycle materials when possible to minimize environmental impact.

## **Contact Information for Further Support**

For any safety inquiries or productrelated questions, please refer to the manufacturer's contact information provided with the product packaging.

By following these safety instructions, you can ensure a safe and effective experience with your Starter Punch Set. Thank you for prioritizing safety in your tool usage.
