

SHOTGUN SIGHT KIT "B" - BROWNELLS SHOTGUN SIGHT BRASS REFILL SIGHTS #23 10 PACK

[Shotgun Parts](#) > [Sights](#) > [Sight Parts](#) > [Sight Refills](#)

A Total Of 80 Precision, Economical, Good-Looking, Replacement Shotgun Beads

Brownells Shotgun Sight Kit "B" is the most important improvement in the replacement shotgun sight field since the introduction of the original Brownells Shotgun Sight Kit nearly 20 years ago. The new Kit is truly the natural and logical companion to the original Kit "A" - giving you, the gunsmithing or sports shop, all the sights that Kit "A" doesn't contain, but that you need to have a really versatile and complete replacement shotgun sight inventory in just 2 small boxes. Plus, in Kit "B", we took the practical step of making the White beads out of stainless steel. Stainless is stronger, won't crush or distort when the beads are installed, does not have to be removed when the gun goes into the hot bluing solution (and won't dissolve and ruin your bluing bath once it's in there)!! Plus, the stainless won't break off at the top of the shank, stays shiny forever, stands up to tougher use in the field, and generally is one whale of a lot better sight. But, the real advantage of Kit "B" is that by combining it with Kit "A", you can now have a selection of shank sizes unequaled among shotgun sights. So, if you get a gun in your shop with a badly misshapen, worn or stripped-out sight hole, you will have a bead of exactly the same size, but with a shank one size larger. Replacement is then just a simple matter of drilling out the hole to the next size larger, tapping, and inserting the new bead. The most important thing is that the Kit saves you time, giving faster work turnaround in the shop, which makes you more money. It also eliminates "patching-up" the original hole (which often then requires repairing the blue, too) and redrilling and tapping for the original size shank. And, it gets your customer back in the field sooner which makes him happy, and makes you look good! Like the original Kit "A", the workmanship is superb, the sight globes are true spheres, the threads are cut onto the shank, so they are clean, sharp, and give the best possible fit. And, they are threaded right up to the base of the bead so you can set the sight exactly onto the barrel. Thread sizes are 6-48 and 8-40; certainly two of the most common and popular thread sizes in the gun industry, so everyone has the necessary drills and taps. The bead sizes are .067, .130 and .175, again the most popular sizes, and the same as those used in Kit "A". The Gold beads are machined from finest brass; the White beads from tough stainless steel. Because these are solid metal beads, they cannot bleed, chip, peel or have the color wear off. As the companion to Kit "A", Kit "B" also comes in a clear plastic counter case. Each individual sight number is in its own clearly identified box on a black tray. There are 10 sights of each number, giving you a total of 80 new sights. By itself, a complete inventory of 3 very popular sizes in 2 colors, with 6-48 and 8-40 shanks; but as a companion to Kit "A", an unbeatable assortment of the most versatile and useful shotgun sight beads available anywhere. And, right at your fingertips, ready to install for your customers. Order your Brownells Shotgun Sight Kit "B" today. Refill Sights for Kit "B" - Refills for the Shotgun Sight Kit "B" are single or 10-pak of sights of one number.

Brownells Shotgun Sight Kit "B" Safety Instruction Guide

Introduction

Thank you for choosing the Brownells Shotgun Sight Kit "B". This guide provides essential safety instructions and usage information to ensure a safe and effective experience with your product. Please read this guide carefully before using the kit.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is to replace shotgun sights.
- Keep the kit out of reach of children and vulnerable individuals to prevent accidental injury.
- Inspect all components of the kit before use. Do not use any parts that are damaged or appear to be defective.
- Follow all local laws and regulations regarding firearms and their accessories.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when working with firearms.
- Ensure that the firearm is unloaded before beginning any work on the sights.
- Be cautious of sharp edges on the sight beads and tools.
- Avoid applying excessive force when installing or removing sights to prevent damage to the firearm or injury to yourself.
- If you are unsure about any aspect of the installation or usage, consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including drill, tap, and installation tools.
- Ensure your workspace is clean and organized.

2. Removing the Old Sight:

- Carefully drill out the existing sight hole if necessary.
- Tap the hole to the appropriate size for the new bead.

3. Installing the New Sight:

- Select the correct bead size from the kit.
- Apply a small amount of thread locker to the shank if desired.
- Insert the new bead into the tapped hole and tighten it securely.

4. Final Checks:

- Ensure that the sight is properly aligned and securely fastened.
- Perform a function check on the firearm to ensure safety and proper operation.

5. Maintenance:

- Regularly inspect the sights for wear or damage.
- Clean the sights as needed to maintain visibility.

Disposal Instructions

- Dispose of any damaged or unused parts in accordance with local regulations.
- Do not dispose of metal components in regular household waste. Instead, recycle them where possible.

Contact Information for Further Support

For any safety inquiries or additional support regarding the Brownells Shotgun Sight Kit "B", please refer to the manufacturer's contact information provided on the packaging or product documentation.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your Brownells Shotgun Sight Kit "B". Thank you for your attention to safety, and enjoy your product!
