## **A Total Of 80 Precision, Economical, Good-Looking, Replacement Shotgun Beads**

Brownells Shotgun Sight Kit "B" is the most important improvement in the replacement shotgun sight field since the introduction of the original Brownells Shotgun Sight Kit nearly 20 years ago. The new Kit is truly the natural and logical companion to the original Kit "A" - giving you, the gunsmithing or sports shop, all the sights that Kit "A" doesn't contain, but that you need to have a really versatile and complete replacement shotgun sight inventory in just 2 small boxes. Plus, in Kit "B", we took the practical step of making the White beads out of stainless steel. Stainless is stronger, won't crush or distort when the beads are installed, does not have to be removed when the gun goes into the hot bluing solution (and won't dissolve and ruin your bluing bath once it's in there)!! Plus, the stainless won't break off at the top of the shank, stays shiny forever, stands up to tougher use in the field, and generally is one whale of a lot better sight. But, the real advantage of Kit "B" is that by combining it with Kit "A", you can now have a selection of shank sizes unequaled among shotgun sights. So, if you get a gun in your shop with a badly misshapen, worn or stripped-out sight hole, you will have a bead of exactly the same size, but with a shank one size larger. Replacement is then just a simple matter of drilling out the hole to the next size larger, tapping, and inserting the new bead. The most important thing is that the Kit saves you time, giving faster work turnaround in the shop, which makes you more money. It also eliminates "patching-up" the original hole (which often then requires repairing the blue, too) and redrilling and tapping for the original size shank. And, it gets your customer back in the field sooner which makes him happy, and makes you look good! Like the original Kit "A", the workmanship is superb, the sight globes are true spheres, the threads are cut onto the shank, so they are clean, sharp, and give the best possible fit. And, they are threaded right up to the base of the bead so you can set the sight exactly onto the barrel. Thread sizes are 6-48 and 8-40; certainly two of the most common and popular thread sizes in the gun industry, so everyone has the necessary drills and taps. The bead sizes are .067, .130 and .175, again the most popular sizes, and the same as those used in Kit "A". The Gold beads are machined from finest brass; the White beads from tough stainless steel. Because these are solid metal beads, they cannot bleed, chip, peel or have the color wear off. As the companion to Kit "A", Kit "B" also comes in a clear plastic counter case. Each individual sight number is in its own clearly identified box on a black tray. There are 10 sights of each number, giving you a total of 80 new sights. By itself, a complete inventory of 3 very popular sizes in 2 colors, with 6-48 and 8-40 shanks; but as a companion to Kit "A", an unbeatable assortment of the most versatile and useful shotgun sight beads available anywhere. And, right at your fingertips, ready to install for your customers. Order your Brownells Shotgun Sight Kit "B" today. Refill Sights for Kit "B" - Refills for the Shotgun Sight Kit "B" are single or 10-pak of sights of one number.

Other Shotgun Sight Kits:

- Shotgun Sight Kit "A"
- Shotgun Sight Kit "C"

# Brownells Shotgun Sight Kit “B” Safety Instruction Guide

## Introduction

Thank you for choosing the Brownells Shotgun Sight Kit “B”. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before installation and usage to maximize safety and performance.

## General Safety Guidelines

- Ensure that all safety precautions are followed to avoid accidents or injuries during use.
- Always use this product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about any product recalls or safety updates through the EU’s Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Awareness:** Be aware of potential hazards associated with the installation and use of shotgun sights, including sharp edges and small parts.
- **Personal Protective Equipment (PPE):** Use appropriate PPE such as safety glasses and gloves when handling the product to prevent injury.
- **Work Environment:** Ensure that your work environment is clean and welllit to avoid accidents.
- **Installation Precautions:** Handle the sights carefully during installation to avoid damaging the product or injuring yourself.
- **Avoid Improper Use:** Do not use the shotgun sights for any purpose other than what is specified in the product instructions.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials before starting the installation.
- Ensure that the shotgun is unloaded and safe to work on.

### 2. Installation Steps:

- Identify the appropriate size bead required for your shotgun based on the sight hole.
- If replacing a damaged bead, carefully drill out the existing hole to the next size larger if necessary.
- Clean the sight hole to remove any debris or old adhesive.
- Insert the new bead into the sight hole, ensuring it fits snugly.
- Use the threaded portion of the bead to secure it in place, ensuring a clean and tight fit.

### 3. PostInstallation Check:

- Inspect the installation to ensure that the bead is secure and properly aligned.
- Test the sight for stability before taking the shotgun to the field.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the product becomes damaged or unusable, follow your local waste management guidelines for disposal of metal and plastic components.

## **Contact Information for Further Support**

For any inquiries or concerns regarding safety, installation, or usage, please refer to the manufacturer's contact information included with your product packaging. Always ensure you are using the most up-to-date information available.

Thank you for your attention to these safety instructions. Enjoy your Brownells Shotgun Sight Kit "B" and ensure safe practices while using it.
