

SIGHT BASE SCREW KIT - BROWNELLS 6-48X1/4" WEAVER OVAL SIGHT BASE SCREW REFILL 12 PACK

[Gunsmith Tools](#) > [Small Hardware](#) > [Metal Screws](#)

Slotted-Head Screws For All Scope & Sight Mounting Jobs

This Kit has been extremely popular with our customers for many years. The gunsmiths and dealers who do any type of sight work have found that they do not like to be without it. The slotted-head screws included in the kit cover at least 99% of all scope and iron sight mounting requirements. The Screw Kit is packed in a plastic box and contains 12 each of the most popular 18 screw sizes needed when working with scopes or sights. It also has a pair of chrome-plated tweezers with flat jaws for easily picking up the right screw and our handy, Checker/Shortener Jig that makes grinding screws to the right length fast and easy. The screws are made of high strength, forged tool steel, feature slotted-heads and are tempered and blued to rigid specifications. We suggest that should a screw need to be cut and fitted, it should be treated with rust-prohibitive OXPHO-BLUE™ before it is used to give it a highly rust-resistant, tough, blue coat to make your job look and wear better. The kit is available to you at a very substantial savings over the cost of buying the screws singly. It is an opportunity to have just the right, hard-to-find sight base screw when you need it, for only a minimal cost ... an advantage that will pay for itself time after time in repair or installation jobs.

Sight Base Screw Refil Pak, Weaver Oval, 6-48x1/4"

Safety Instruction Guide for SIGHT BASE SCREW KIT BROWNELLS 648X1/4" WEAVER OVAL SIGHT BASE SCREW REFILL 12 PACK

Introduction

Thank you for choosing the SIGHT BASE SCREW KIT by BROWNELLS. This product is designed to provide reliable performance when securing sight bases. To ensure your safety and the proper use of this product, please read and follow the instructions outlined in this guide.

General Safety Guidelines

- Always use the product as intended and in accordance with the instructions provided.
- Inspect the screws for any signs of damage before use. Do not use damaged screws.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the screws are compatible with your sight base before installation.
- Use appropriate tools for installation to avoid injury or damage.
- Wear safety goggles to protect your eyes from debris during installation.
- Avoid overtightening screws, which may lead to damage of the sight base or the screws themselves.
- If you experience any difficulties during installation, seek assistance or consult a professional.

Instructions for Installation and Usage

1. Preparation:

- Gather necessary tools: a screwdriver compatible with slotted screws and safety goggles.
- Ensure the work area is clean and welllit.

2. Installation Steps:

- Align the sight base with the mounting area on your firearm.
- Insert the 648x1/4" screw into the predrilled hole of the sight base.
- Using the screwdriver, turn the screw clockwise until it is snug. Do not overtighten.
- Repeat the process for each screw required for your sight base.

3. PostInstallation Check:

- Once all screws are installed, doublecheck to ensure they are securely fastened.
- Test the stability of the sight base to ensure it is firmly attached.

Disposal Instructions

- Dispose of any unused or damaged screws in accordance with local regulations.
- Do not dispose of screws in regular household waste. Instead, take them to a designated recycling or hazardous waste facility if available.

Contact Information for Further Support

For any questions or concerns regarding the SIGHT BASE SCREW KIT, please refer to the manufacturer's website or customer service for assistance.

Thank you for your attention to these safety guidelines. Your safety is our priority.
