# Safety Instruction Guide for UNPLATED STEEL FLAT HEAD WOOD SCREW KIT

## Introduction

Thank you for choosing the UNPLATED STEEL FLAT HEAD WOOD SCREW KIT by BROWNELLS. This guide provides essential safety instructions and guidelines to ensure safe use and handling of the product. Please read this document carefully before using the screws.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, when handling screws.
- Inspect the product for any defects or damage before use. Do not use damaged screws.
- Follow all local regulations and guidelines when using and disposing of screws.

## Specific Safety Precautions for Use

- **Avoid Eye Injury:** Always wear safety goggles to protect your eyes from flying debris when driving screws.
- **Prevent Hand Injury:** Use gloves to protect your hands from sharp edges and to gain a better grip when handling screws.
- **Proper Handling:** Do not use excessive force when driving screws. Overtightening can lead to screw breakage or damage to the material being fastened.
- **Avoid Fire Hazard:** Keep screws away from open flames and high heat sources, as they can become hot and cause burns.
- **Check Compatibility:** Ensure that the screws are compatible with the materials you are working with to prevent material damage or screw failure.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a screwdriver or drill with the appropriate bit size.
- Ensure the work area is clean and free of obstructions.

### 2. Selecting the Right Screw:

- Choose the appropriate screw size from the kit based on your project requirements. The kit contains various sizes, including:
  - 2x $\frac{1}{4}$ "
  - 2x $\frac{3}{8}$ "
  - 3x $\frac{3}{8}$ "
  - 3x $\frac{1}{2}$ "
  - 4x $\frac{3}{8}$ "
  - 4x $\frac{1}{2}$ "
  - 4x $\frac{5}{8}$ "
  - 4x $\frac{3}{4}$ "
  - 6x $\frac{3}{8}$ "
  - 6x $\frac{1}{2}$ "
  - 6x $\frac{5}{8}$ "

- 6x $\frac{3}{4}$ "
- 6x1"
- 8x $\frac{1}{2}$ "
- 8x $\frac{3}{4}$ "
- 8x $\frac{3}{4}$ "
- 8x7/8"
- 8x1"

### **3. Installation:**

- Mark the location where you intend to drive the screw.
- If necessary, predrill a pilot hole to prevent splitting the wood.
- Align the screw with the marked location and apply steady pressure while driving it into the material.
- Use a countersink if required to ensure the screw head is flush with the surface.

### **4. Post Installation:**

- Inspect the installation to ensure the screw is securely fastened and properly seated.
- Clean the work area of any debris or leftover screws.

## **Disposal Instructions**

- Dispose of any unused screws and packaging materials in accordance with local waste disposal regulations.
- Do not dispose of screws in regular recycling bins unless specified by local guidelines.
- If the product is defective or damaged, contact your local waste management authority for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the UNPLATED STEEL FLAT HEAD WOOD SCREW KIT, please consult the manufacturer's website or contact their customer support team for assistance.

By following these safety instructions, you can ensure a safe and effective use of the UNPLATED STEEL FLAT HEAD WOOD SCREW KIT. Thank you for your attention to safety!
