# Safety Instruction Guide for UNPLATED STEEL FLAT HEAD WOOD SCREW KIT BROWNELLS 6X3/8"

## Introduction

Thank you for choosing the UNPLATED STEEL FLAT HEAD WOOD SCREW KIT from Brownells. This product is designed for safe and effective use in woodworking projects. Please read this safety instruction guide carefully to ensure proper handling and usage, in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always handle screws with care to avoid injury.
- Keep screws out of reach of children to prevent choking hazards.
- Inspect screws before use to ensure they are not damaged or defective.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when working with screws.
- Follow all local regulations regarding the use of tools and fasteners.

## Specific Safety Precautions for Use

- Ensure that the surface you are working on is stable and secure.
- Use screws that are the appropriate size for your project to avoid stripping or breaking.
- Do not overtighten screws as this may cause damage to the material or the screw itself.
- Be cautious of sharp edges on screws, especially when handling or installing.
- If you experience any discomfort or injury while using the screws, stop immediately and seek assistance.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a screwdriver or drill.
- Choose the correct size screw for your project as per the specifications provided in the kit.

### 2. Installation:

- Mark the desired location for the screw on the material.
- If necessary, predrill a pilot hole to prevent splitting of the wood.
- Align the screw with the pilot hole and insert it gently.
- Use a screwdriver or drill to drive the screw into the material, applying even pressure.
- Stop driving the screw once it is flush with the surface or at the desired depth.

### 3. PostInstallation:

- Inspect the installation to ensure that the screw is secure and properly seated.
- Clean up any debris or leftover materials from the workspace.

## Disposal Instructions

- Dispose of any unused or damaged screws in accordance with local waste disposal regulations.
- Do not dispose of screws in a manner that could cause injury to others or the environment.
- Consider recycling options where available, as metal fasteners may be recyclable.
