## Introduction

Thank you for choosing the LONG 648 & 840 Screws by Brownells. This guide provides essential safety information to ensure the safe and effective use of these screws. Please read through this document carefully before using the product.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of these screws by following the instructions provided. These screws are designed for nonfood applications and should not be used in any way that is inconsistent with their intended purpose.
- **Enhanced Recalls:** In the unlikely event of a safety recall, you will be notified through standardized notices. Please follow any instructions provided for safe returns or remedies.
- **Online Shopping:** If you purchased this product online, you are entitled to the same safety protections as if you purchased it in a physical store.
- **Special Consumer Focus:** Extra care should be taken when using these screws around vulnerable groups, particularly children. Keep screws out of reach of children to prevent choking hazards.
- **EU Contact Point:** For any safety inquiries, please reach out to the designated EU contact point associated with this product.
- **Rapid Alerts:** Stay informed about any updates regarding product safety through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always inspect screws for any signs of damage or defects before use.
- Use the screws only for their intended purpose as specified in the product description.
- Ensure that the materials being fastened are suitable for use with these screws.
- Avoid using screws in applications that exceed their load capacity.
- Wear appropriate personal protective equipment (PPE), such as safety glasses, when installing screws to prevent injury from flying debris.
- Do not attempt to modify or alter the screws in any way, as this may compromise their integrity and safety.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a screwdriver compatible with the screw head type (Fillister, Oval Head, or Torx).
- Ensure the work area is clean and free of obstructions.

### 2. Installation:

- Select the appropriate screw type for your application (648 or 840).
- Align the screw with the predrilled hole in the material.
- Use the screwdriver to drive the screw into the material until it is securely fastened. Do not overtighten, as this may damage the material or the screw.

### 3. Usage:

- Regularly check screws for tightness, especially in applications subject to vibration or movement.
- If a screw becomes loose, retighten it as necessary.

## **Disposal Instructions**

- Dispose of screws responsibly. Do not throw them in regular household waste.
- Check local regulations for proper disposal methods for metal products.
- Consider recycling the screws if possible, or take them to a designated metal recycling facility.

## **Contact Information for Further Support**

For any further inquiries regarding the safety and use of the LONG 648 & 840 Screws, please refer to the contact information provided on the product packaging or the manufacturer's website.

By following these safety instructions, you can ensure the safe and effective use of your LONG 648 & 840 Screws. Thank you for your attention to safety.
