

90° MUZZLE FACING CUTTER & STEEL PILOT - BROWNELLS 90° CUTTER & STEEL PILOT FITS .22 RF MUZZLE (.215)

[Gunsmith Tools](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Face Off & Square Up Rifle & Handgun Muzzles

Hardened steel, 90° facing cutter squares a muzzle after shortening; or use to repair dings and damage. Includes a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

90\ Cutter & Steel Pilot fits .22 RF Muzzle (.215")

Safety Instruction Guide for 90° Muzzle Facing Cutter & Steel Pilot

Introduction

Thank you for choosing the 90° Muzzle Facing Cutter & Steel Pilot by Brownells. This tool is designed to assist in precise muzzle chamfering for .22 RF firearms. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always handle tools with care and keep them out of reach of children.
- Ensure you are familiar with the tool's operation before use.
- Wear appropriate personal protective equipment (PPE), such as safety goggles and gloves.
- Inspect the tool for any damage or wear before each use. Do not use if damaged.
- Use the tool in a welllit and clean workspace to avoid accidents.
- Keep the work area clear of unnecessary personnel and distractions.
- Follow all local laws and regulations regarding firearm maintenance and modifications.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded and pointed in a safe direction before using the cutter.
- Do not attempt to use the cutter on firearms that are not compatible with the .22 RF caliber.
- Avoid applying excessive force while using the cutter to prevent injury or damage to the tool.
- Always maintain a firm grip on both the cutter and the firearm during operation.
- Store the cutter in its protective packaging when not in use to avoid accidental injury.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded and safe to work on.
- Gather all necessary tools and materials, including the 90° Muzzle Facing Cutter, steel pilot, and any additional equipment needed for your specific application.

2. Installation of the Cutter

- Attach the steel pilot to the cutter securely.
- Ensure the pilot fits snugly into the muzzle of the firearm.
- Check that the cutter is properly aligned with the muzzle.

3. Using the Cutter

- Firmly hold the cutter and gently rotate it into the muzzle.
- Apply light pressure to ensure a clean cut without forcing the tool.
- Rotate the cutter until the desired chamfer is achieved.
- Withdraw the cutter carefully, ensuring no debris is left in the muzzle.

4. PostUse Care

- Clean the cutter and steel pilot after use to remove any residue.
- Store the tool in a dry place, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of any damaged or worn tools in accordance with local regulations.
- Do not throw the tool in regular household waste. Instead, check for local recycling options for metal tools.
- Ensure that any packaging materials are recycled or disposed of responsibly.

Contact Information for Further Support

For any questions or concerns regarding the use or safety of the 90° Muzzle Facing Cutter & Steel Pilot, please refer to the manufacturer's contact information provided with your product packaging.

Conclusion

Following these safety instructions will help ensure a safe and effective experience with your 90° Muzzle Facing Cutter & Steel Pilot. Always prioritize safety and compliance with local laws when using this tool. Thank you for your attention to these guidelines.
