

## **90° MUZZLE FACING CUTTER & STEEL PILOT - 90° CUTTER & STEEL PILOT FITS .338 MUZZLE**

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

### **Face Off & Square Up Rifle & Handgun Muzzles**

Hardened steel, 90° facing cutter squares a muzzle after shortening; or use to repair dings and damage. Includes a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

# Safety Instruction Guide for 90° Muzzle Facing Cutter & Steel Pilot

## Introduction

Thank you for choosing the 90° Muzzle Facing Cutter & Steel Pilot. This product is designed to assist in muzzle facing and repair tasks. To ensure safe and effective use, please read and follow the safety instructions provided in this guide.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the cutter.
- Inspect the product before use for any signs of damage or wear. Do not use if damaged.
- Store the product in a safe, dry place when not in use.
- Follow local regulations regarding the disposal of metal tools and materials.

## Specific Safety Precautions for Use

- The cutter is sharp. Handle with care to avoid cuts or injuries.
- Ensure that the cutter is securely attached to the pilot before use.
- Use the cutter only on materials that it is designed for. Do not attempt to cut or face materials that exceed the product specifications.
- Avoid wearing loose clothing or jewelry that may get caught in the cutter.
- Do not use excessive force when cutting. Allow the tool to do the work.
- Always cut away from your body and keep hands and fingers clear of the cutting path.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure that the work area is clean and free from distractions.

### 2. Installing the Cutter:

- Select the appropriate pilot for the caliber you are working with.
- Insert the pilot into the cutter and ensure it is securely locked in place.
- Attach the handle to the cutter if not already attached.

### 3. Using the Cutter:

- Position the muzzle securely in a vise or stable surface.
- Align the cutter with the muzzle, ensuring it is perpendicular to the surface.
- Apply gentle pressure and rotate the cutter to achieve the desired facing.
- Check the progress frequently to avoid overcutting.

### 4. After Use:

- Clean the cutter and pilot to remove any debris or residue.
- Store the cutter and pilot in the provided polypropylene box to protect them from damage.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding metal waste.
- Do not dispose of the product in regular household waste.
- If the product is damaged beyond repair, ensure it is disposed of safely to prevent injury.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the 90° Muzzle Facing Cutter & Steel Pilot, please refer to the manufacturer's contact details provided with your product.

By following these safety instructions, you can ensure a safe and effective experience with your 90° Muzzle Facing Cutter & Steel Pilot. Thank you for your attention to safety.
