

90° MUZZLE FACING CUTTER & STEEL PILOT - 90° CUTTER & STEEL PILOT FITS .38/.357 MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Face Off & Square Up Rifle & Handgun Muzzles

Hardened steel, 90° facing cutter squares a muzzle after shortening; or use to repair dings and damage. Includes a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for 90° Muzzle Facing Cutter & Steel Pilot

Introduction

Thank you for purchasing the 90° Muzzle Facing Cutter & Steel Pilot. This guide provides essential safety instructions and information to ensure the safe and effective use of this product. Please read this guide carefully before using the cutter.

General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the cutter.
- Keep the cutter and all its components out of reach of children and pets.
- Inspect the cutter and pilot for any damage before each use. Do not use if damaged.
- Use the cutter only for its intended purpose as detailed in this guide.
- Avoid using the cutter in wet or damp conditions to minimize the risk of slipping.
- Ensure that the working area is clean and welllit to prevent accidents.
- Store the cutter and its components in a safe, dry place when not in use.

Specific Safety Precautions for Use

- Ensure that the muzzle is securely held in place before using the cutter to prevent movement.
- Do not apply excessive force when using the cutter; let the tool do the work.
- Keep hands and fingers away from the cutting area to avoid injury.
- Use the cutter only with compatible pilots to ensure proper alignment and function.
- Always follow the manufacturer's guidelines for the specific caliber being worked on.
- If you experience any discomfort or unusual resistance while using the cutter, stop immediately and assess the situation.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the 90° Muzzle Facing Cutter, handle, and pilot.
- Ensure you are in a suitable workspace with adequate lighting and ventilation.

2. Installing the Pilot:

- Select the appropriate pilot for the caliber you are working with.
- Insert the pilot into the cutter until it is securely in place. Ensure it is properly aligned.

3. Using the Cutter:

- Position the muzzle securely in a vise or clamp to prevent movement.
- Align the cutter with the muzzle, ensuring the pilot fits correctly into the muzzle bore.
- Turn the handle clockwise to begin cutting. Apply steady, even pressure.
- After achieving the desired cut, remove the cutter from the muzzle.

4. PostUse Care:

- Clean the cutter and pilot after each use to remove any debris.
- Inspect the components for wear or damage before storing them.

Disposal Instructions

- Dispose of any broken or unusable parts in accordance with local regulations.
- Recycle materials where possible, particularly metal components.
- Ensure that all components are stored safely until disposal to prevent harm to others.

Contact Information for Further Support

For any questions or concerns regarding the use of the 90° Muzzle Facing Cutter & Steel Pilot, please refer to the manufacturer's website or contact your retailer for assistance.

Thank you for taking the time to read this safety instruction guide. Your safety and satisfaction are our top priorities. Enjoy using your 90° Muzzle Facing Cutter & Steel Pilot responsibly!
