

90° MUZZLE FACING CUTTER & STEEL PILOT - BROWNELLS 90° CUTTER & STEEL PILOT FITS .38-40 MUZZLE

[Gunsmith Tools](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Face Off & Square Up Rifle & Handgun Muzzles

Hardened steel, 90° facing cutter squares a muzzle after shortening; or use to repair dings and damage. Includes a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for 90° Muzzle Facing Cutter & Steel Pilot

Introduction

Thank you for choosing the 90° Muzzle Facing Cutter & Steel Pilot by Brownells. This tool is designed for safely squaring and repairing muzzles after shortening. To ensure safe and effective use of this product, please read and follow the instructions and guidelines outlined in this safety instruction guide.

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the work area is clean, welllit, and free from distractions.
- Wear appropriate personal protective equipment (PPE), including safety goggles and gloves, to protect against injuries.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the tool for any signs of damage or wear before each use. Do not use if damaged.
- Follow all local regulations and safety standards when using this product.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use the tool only for its intended purpose. This cutter is designed specifically for muzzle facing and repair.
- Ensure that the cutter is securely attached to the pilot before use.
- Maintain a firm grip on the handle while operating the cutter to prevent slips and accidents.
- Avoid applying excessive force when cutting. Allow the tool to do the work.
- Keep hands and other body parts away from the cutting area during operation.
- Do not use the cutter on materials other than specified calibers.
- Store the tool in a safe place after use, preferably in its original polypropylene box.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials, including the cutter, pilot, and a suitable work surface.
- Ensure that the cutter and pilot are clean and free from debris.

2. Selecting the Pilot:

- Choose the appropriate pilot for the caliber you are working with. Purchase extra pilots if needed for different calibers.

3. Attaching the Pilot:

- Insert the pilot into the cutter until it is securely in place. Ensure it is properly aligned.

4. Using the Cutter:

- Position the muzzle against the cutter.
- Hold the handle firmly and apply gentle pressure while rotating the cutter in a clockwise direction.
- Continue cutting until the muzzle is squared to the desired length.

5. PostUse Care:

- Clean the cutter and pilot after each use to maintain their effectiveness.
- Store the cutter and pilot in the provided polypropylene box.

Disposal Instructions

- Dispose of any damaged or wornout tools in accordance with local regulations.
- Do not throw the product in regular household waste. Check for recycling options for metal and plastic components.
- Ensure that any hazardous materials are disposed of properly to prevent environmental contamination.

Contact Information for Further Support

For any safety inquiries or concerns regarding the product, please refer to the contact information provided by the retailer or manufacturer. Always ensure you have the latest safety updates and recall information.

Thank you for following these safety instructions. Your safety is our priority, and we hope you enjoy using the 90° Muzzle Facing Cutter & Steel Pilot by Brownells.
