

## **90° MUZZLE FACING CUTTER & STEEL PILOT - BROWNELLS 90° CUTTER & STEEL PILOT FITS .44 MUZZLE**

[Gunsmith Tools](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

### **Face Off & Square Up Rifle & Handgun Muzzles**

Hardened steel, 90° facing cutter squares a muzzle after shortening; or use to repair dings and damage. Includes a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

# Safety Instruction Guide for 90° Muzzle Facing Cutter & Steel Pilot

## Introduction

Thank you for choosing the 90° Muzzle Facing Cutter & Steel Pilot by Brownells. This tool is designed to help you square a muzzle after shortening or to repair dings and damage. To ensure your safety and the effective use of this product, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always read and understand the user manual before using the product.
- Keep the product out of reach of children and pets.
- Ensure that the workspace is clean and free from hazards before using the tool.
- Use appropriate personal protective equipment (PPE), such as safety goggles and gloves, to protect against sharp edges and debris.
- Be aware of the potential hazards associated with using cutting tools, including cuts, lacerations, and eye injuries.
- Do not use the cutter for purposes other than those specified in the manual.

## Specific Safety Precautions for Use

- Ensure that the cutter is securely attached to the pilot before use to avoid accidents.
- Always cut away from your body and keep hands clear of the cutting path.
- Inspect the cutter and pilot for any signs of damage or wear before each use. Do not use damaged tools.
- Use the tool in a wellventilated area to avoid inhaling dust or debris.
- Store the cutter and pilot in the provided polypropylene box when not in use to prevent damage and accidents.

## Instructions for Installation and Usage

### 1. Prepare the Work Area

- Clear the area of any unnecessary tools or materials.
- Ensure adequate lighting for visibility.

### 2. Attach the Cutter to the Pilot

- Select the appropriate pilot for your caliber.
- Insert the pilot into the cutter and ensure it is firmly secured.

### 3. Using the Cutter

- Position the cutter at a 90° angle to the muzzle.
- Apply gentle pressure and begin cutting, ensuring you cut away from your body.
- Maintain a steady hand and avoid excessive force to prevent tool damage.

### 4. Finishing Up

- After use, clean the cutter and pilot to remove any debris.
- Store the cutter and pilot in the polypropylene box to protect them from damage.

## **Disposal Instructions**

- Dispose of any damaged or wornout tools in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, follow local recycling guidelines for metal and plastic.

## **Contact Information for Further Support**

For any inquiries regarding safety or product issues, please contact the manufacturer or the retailer from whom you purchased the product. Ensure you have your purchase details available for reference.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with the 90° Muzzle Facing Cutter & Steel Pilot. Always prioritize safety and adhere to the guidelines provided. Thank you for your attention to these important safety measures.
