

SHOTGUN BARREL POLISHING FLEX HONE® - 16 GAUGE MEDIUM-COURSE FLEX HONE, BORE

[Gunsmith Tools & Supplies](#) > [Shotgun Tools](#) > [Barrel Hones & Accessories](#)

Puts Finish Polish On Shotgun Bores That Is Truly Outstanding

Hundreds of abrasive "balls" mounted on a flexible shaft - the fastest, easiest way we've come across to clean and polish older barrels or put a mirror polish in new ones. For used barrels, the Medium-Coarse hone, followed by the Fine, removes rough and tight spots and brings the bore to a bright finish that you can see and feel . . . just run a patch through it before and after; the difference is amazing! We found too, that we could feel tight spots during honing and spend extra time on them until they were evened out. On new barrels, the Fine hone by itself will bring the factory finish up to a beautiful, mirror-bright finish that's a real customer pleaser. Easy to use: chuck in a variable speed electric drill; wet the hone with Flex Hone® oil; start the drill and insert the hone into the barrel from the breech end (if possible). As it cuts, a slurry of abrasive and oil develops to help speed the cutting action. Flex Hone® available (shown below) in sets and individual hones for 10, 12, 16 and 20 gauge barrels as well as .410 bore. Also, special-sized hones for 10, 12, 16, 20 gauge chambers and .410 bore. Instructions walk you through the steps for a perfect job. (You MUST use Flex Hone® oil - all other oils will destroy the abrasive "balls" and void our guarantee!) 750 RPM MAX. Avoid excess pressure. Safety Instruction Guide for SHOTGUN BARREL POLISHING FLEX HONE® 16 GAUGE MEDIUMCOURSE FLEX HONE, BORE

Introduction

Thank you for choosing the SHOTGUN BARREL POLISHING FLEX HONE® 16 GAUGE MEDIUMCOURSE FLEX HONE. This product is designed to effectively clean and polish shotgun barrels. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always use the Flex Hone® oil provided; other oils may damage the product and void the warranty.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for updates on product recalls and safety alerts via the EU Safety Gate platform.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Product Safety:**
 - Use the Flex Hone® only for its intended purpose: polishing and cleaning shotgun barrels.
 - Avoid using excessive pressure while honing to prevent damage to the barrel or the hone itself.
- **Online Shopping:**
 - When purchasing online, ensure that the seller complies with safety requirements.
- **Hazard Identification:**
 - Be aware of potential hazards, such as sharp edges or moving parts during operation.
- **Age Restrictions:**
 - This product is not intended for use by individuals under the age of 18 without supervision.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials: Flex Hone® oil, a variable speed electric drill, and a clean patch.
- Ensure that you are working in a wellventilated area.

2. Using the Flex Hone®:

- Chuck the Flex Hone® into the variable speed electric drill.
- Wet the hone with Flex Hone® oil before use.
- Insert the hone into the barrel from the breech end (if possible).
- Start the drill and allow the hone to rotate.
- As the hone cuts, a slurry of abrasive and oil will develop to assist in the polishing process.
- For used barrels, first use the MediumCoarse hone, followed by the Fine hone for optimal results.
- For new barrels, the Fine hone alone will achieve a mirrorbright finish.

3. PostUse:

- After honing, run a clean patch through the barrel to remove any residue.
- Inspect the barrel for a smooth and polished finish.

Disposal Instructions

- Dispose of any used Flex Hone® oil according to local regulations.
- Dispose of the product responsibly; check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the SHOTGUN BARREL POLISHING FLEX HONE®, please refer to the manufacturer's contact information, which can be found on the packaging or the product manual.

Thank you for your attention to these safety instructions. Enjoy using your SHOTGUN BARREL POLISHING FLEX HONE® responsibly and safely!
