

SHOTGUN BARREL POLISHING FLEX HONE® - 20 GAUGE FINE FLEX HONE, BORE

[Gunsmith Tools & Supplies](#) > [Shotgun Tools](#) > [Barrel Hones & Accessories](#)

Puts Finish Polish On Shotgun Bores That Is Truly Outstanding

Hundreds of abrasive "balls" mounted on a flexible shaft - the fastest, easiest way we've come across to clean and polish older barrels or put a mirror polish in new ones. For used barrels, the Medium-Coarse hone, followed by the Fine, removes rough and tight spots and brings the bore to a bright finish that you can see and feel . . . just run a patch through it before and after; the difference is amazing! We found too, that we could feel tight spots during honing and spend extra time on them until they were evened out. On new barrels, the Fine hone by itself will bring the factory finish up to a beautiful, mirror-bright finish that's a real customer pleaser. Easy to use: chuck in a variable speed electric drill; wet the hone with Flex Hone® oil; start the drill and insert the hone into the barrel from the breech end (if possible). As it cuts, a slurry of abrasive and oil develops to help speed the cutting action. Flex Hone® available (shown below) in sets and individual hones for 10, 12, 16 and 20 gauge barrels as well as .410 bore. Also, special-sized hones for 10, 12, 16, 20 gauge chambers and .410 bore. Instructions walk you through the steps for a perfect job. (You MUST use Flex Hone® oil - all other oils will destroy the abrasive "balls" and void our guarantee!) 750 RPM MAX. Avoid excess pressure. Safety Instruction Guide for SHOTGUN BARREL POLISHING FLEX HONE® 20 GAUGE FINE FLEX HONE, BORE

Introduction

Thank you for choosing the SHOTGUN BARREL POLISHING FLEX HONE® 20 GAUGE FINE FLEX HONE. This product is designed to clean and polish shotgun barrels effectively. To ensure your safety and the proper use of this product, please read this safety instruction guide carefully.

General Safety Guidelines

- **Product Safety:** This product is intended for use with shotgun barrels only. Ensure you follow all safety instructions to prevent injury or damage.
- **Enhanced Recalls:** In the event of a product recall, you will be notified through standardized recall notices. Please follow the instructions provided for safe disposal or return.
- **Online Shopping:** When purchasing online, ensure that the retailer complies with safety requirements similar to physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For safety inquiries, please refer to the manufacturer's contact information available on the product packaging or website.
- **Rapid Alerts:** Stay informed about any safety updates or alerts regarding this product by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Personal Protective Equipment:** Always wear safety glasses and gloves when using the Flex Hone to protect your eyes and skin.
- **Work Environment:** Use the product in a wellventilated area to avoid inhalation of dust and debris.
- **Electrical Safety:** Ensure that your electric drill is in good working condition. Do not use the Flex Hone with a damaged drill.
- **Pressure Control:** Avoid applying excessive pressure while using the Flex Hone. Let the tool do the work to prevent damage to the barrel.
- **Oil Usage:** Use only Flex Hone® oil as instructed. Other oils may damage the abrasive "balls" and void the warranty.
- **Inspection:** Regularly inspect the Flex Hone for wear and tear. Replace it if any damage is observed.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials: Flex Hone, Flex Hone® oil, electric drill, and cleaning patches.
- Ensure the shotgun is unloaded and pointed in a safe direction.

2. Setup:

- Chuck the Flex Hone into a variable speed electric drill.
- Wet the Flex Hone with Flex Hone® oil before use.

3. Usage:

- Insert the hone into the barrel from the breech end (if possible).
- Start the drill at a low speed (750 RPM MAX).
- Allow the hone to cut through the barrel, creating a slurry of abrasive and oil to enhance the cutting action.
- Move the hone in and out of the barrel to ensure even polishing.
- After honing, run a cleaning patch through the barrel to remove debris.

4. PostUse Care:

- Clean the Flex Hone after each use to maintain its effectiveness.
- Store the hone in a dry place away from children.

Disposal Instructions

- Dispose of the Flex Hone responsibly. Follow local regulations for disposal of abrasive materials.
- Do not dispose of the product in regular household waste if it is damaged or worn out. Check for recycling options.

Contact Information for Further Support

For any questions or concerns regarding the use of the SHOTGUN BARREL POLISHING FLEX HONE®, please refer to the manufacturer's contact details provided on the product packaging or website.
