## Puts Finish Polish On Shotgun Bores That Is Truly Outstanding

Hundreds of abrasive "balls" mounted on a flexible shaft - the fastest, easiest way we've come across to clean and polish older barrels or put a mirror polish in new ones. For used barrels, the Medium-Coarse hone, followed by the Fine, removes rough and tight spots and brings the bore to a bright finish that you can see and feel . . . just run a patch through it before and after; the difference is amazing! We found too, that we could feel tight spots during honing and spend extra time on them until they were evened out. On new barrels, the Fine hone by itself will bring the factory finish up to a beautiful, mirror-bright finish that's a real customer pleaser. Easy to use: chuck in a variable speed electric drill; wet the hone with Flex Hone® oil; start the drill and insert the hone into the barrel from the breech end (if possible). As it cuts, a slurry of abrasive and oil develops to help speed the cutting action. Flex Hone® available (shown below) in sets and individual hones for 10, 12, 16 and 20 gauge barrels as well as .410 bore. Also, special-sized hones for 10, 12, 16, 20 gauge chambers and .410 bore. Instructions walk you through the steps for a perfect job. (You MUST use Flex Hone® oil - all other oils will destroy the abrasive "balls" and void our guarantee!) 750 RPM MAX. Avoid excess pressure. # Safety Instruction Guide for SHOTGUN BARREL POLISHING FLEX HONE® 10 GAUGE FINE FLEX HONE, CHAMBER

## Introduction

Thank you for choosing the SHOTGUN BARREL POLISHING FLEX HONE® 10 GAUGE FINE FLEX HONE, CHAMBER. This product is designed to help you clean and polish shotgun barrels effectively. To ensure your safety and the best results, please read this safety instruction guide carefully.

## General Safety Guidelines

- **Product Safety:** Always ensure that you are using the Flex Hone according to the instructions provided. This product is intended for nonfood use only.
- **Enhanced Recalls:** Stay informed about any product recalls. If you receive a recall notice, follow the instructions provided for returning or exchanging the product.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety requirements. Verify that the product is genuine and includes safety guidelines.
- **Special Consumer Focus:** This product is not intended for children. Keep it out of reach of minors to avoid accidents.
- **EU Contact Point:** For any safety inquiries, please ensure you have access to the manufacturer's contact information.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on product safety and potential hazards.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - The Flex Hone may produce debris during use. Wear safety goggles to protect your eyes from flying particles.
  - The product can become hot during operation. Allow it to cool down before handling.
  - Ensure that the drill used is compatible and in good working condition to prevent malfunctions.
- **Avoiding Hazards:**
  - Always use Flex Hone® oil as instructed. Using other oils can damage the abrasive "balls" and void your warranty.
  - Do not apply excessive pressure while using the hone. This can lead to uneven polishing and potential damage to the barrel.
  - Ensure the work area is clean and free from any obstacles that may cause slips or falls.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary materials: Flex Hone, Flex Hone® oil, a variable speed electric drill, and a cleaning patch.
- Ensure the shotgun is unloaded and pointed in a safe direction.

### 2. Installation:

- Insert the flexible shaft of the Flex Hone into the chuck of the electric drill securely.
- Ensure the drill is set to variable speed, with a maximum speed of 750 RPM.

### **3. Usage:**

- Wet the Flex Hone with Flex Hone® oil before use.
- Insert the hone into the barrel from the breech end, if possible.
- Start the drill and allow the hone to rotate while gently moving it in and out of the barrel.
- Observe for any tight spots during honing. Spend extra time on these areas to achieve an even finish.
- After use, run a cleaning patch through the barrel to remove any debris and oil.

### **4. PostUsage Care:**

- Clean the Flex Hone after each use to maintain its effectiveness.
- Store the Flex Hone in a safe place, away from children and pets.

## **Disposal Instructions**

- Dispose of any used or damaged Flex Hone products according to local regulations.
- Do not dispose of the product in regular household waste. Check with your local waste management authority for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the SHOTGUN BARREL POLISHING FLEX HONE® 10 GAUGE FINE FLEX HONE, CHAMBER, please refer to the manufacturer's contact information provided with your product.

By following these safety instructions, you can ensure safe and effective use of the SHOTGUN BARREL POLISHING FLEX HONE. Thank you for your attention to safety!
