

REVOLVER RANGE RODS - BROWNELLS REVOLVER RANGE ROD ADD-ON PACK

[Gunsmith Tools](#) > [Handgun Tools](#) > [Alignment Tools](#) > [Range Rods](#)

Tells Instantly If Barrel & Cylinder Are In Perfect Alignment-Match & Service Grade Available

Lets you know instantly if a revolver barrel and cylinder are in perfect alignment and if cylinder crane or yoke has been sprung, thus throwing axis of each out of line with axis of barrel bore . . . for timing - "accuracy jobs" . . . locating cause of lead splatter . . . professional service inspections. An excellent tool to use when demonstrating to a customer "why"! The handle with knurled grip end is threaded to take any of the interchangeable heads, with sizes carefully selected to indicate very small misalignments. The .38 caliber heads are available in two diameters, one for Match guns that must be dead on for best performance and one for Service guns which aren't always thoroughly clean and don't have to meet quite as fine an accuracy standard. And, there's a special head for the S&W K-22 which has a slightly undersized bore.

REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD ADDON PACK Safety Instruction Guide

Introduction

Thank you for choosing the REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD ADDON PACK. This product is designed to help you ensure that your revolver barrel and cylinder are properly aligned, which is crucial for safety and performance. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always handle the REVOLVER RANGE RODS with care to avoid injury.
- Ensure that the revolver is unloaded before using the range rods.
- Use the range rods only for their intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the range rods for any signs of damage or wear before each use.
- Follow all local laws and regulations regarding the use and handling of firearms.

Specific Safety Precautions for Use

- **Alignment Check:** Always check that the revolver barrel and cylinder are in perfect alignment before firing.
- **Springing Check:** Be aware that a sprung cylinder crane or yoke can throw the axis of the cylinder out of line. Use the range rods to identify this issue.
- **Lead Splatter Investigation:** If you notice lead splatter, use the range rods to help locate the cause.
- **Demonstration:** When demonstrating the use of the range rods to others, ensure that they understand the importance of alignment for safety and performance.
- **Interchangeable Heads:** Make sure to use the correct head size for your specific revolver caliber to avoid misalignment.

Instructions for Installation and Usage

1. Handle and Head Assembly:

- The handle has a knurled grip end that is threaded to accept any of the interchangeable heads.
- Select the appropriate head based on the caliber of your revolver. The .38 caliber heads are available in two diameters; choose the one that fits your specific needs.

2. Using the Range Rods:

- Insert the selected head into the handle and ensure it is securely fastened.
- Insert the range rod into the barrel of the revolver.
- Rotate the cylinder to check for alignment. If there is any resistance or misalignment, further inspection is required.

3. Cleaning and Maintenance:

- After use, clean the range rods with a soft cloth to remove any dirt or debris.
- Store the range rods in the fitted storage box provided to prevent damage.

4. Disposal of Product:

- Follow local regulations for the disposal of metal products.
- If the product is damaged beyond repair, ensure it is disposed of in a manner that does not pose a risk to the environment or public safety.

Disposal Instructions

- Dispose of the range rods in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials.
- Consider recycling the product if possible, as it is made of steel.

Contact Information for Further Support

For any safety inquiries or further support regarding the REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD ADDON PACK, please refer to the manufacturer's contact information provided with the product.

By following these safety guidelines and instructions, you can ensure the safe and effective use of the REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD ADDON PACK. Thank you for your attention to safety.
