

REVOLVER RANGE RODS - REVOLVER RANGE ROD COMBO FOR .22 & .22 MAGNUM

[Gunsmith Tools & Supplies](#) > [Handgun Tools](#) > [Alignment Tools](#) > [Range Rods](#)

Tells Instantly If Barrel & Cylinder Are In Perfect Alignment-Match & Service Grade Available

Lets you know instantly if a revolver barrel and cylinder are in perfect alignment and if cylinder crane or yoke has been sprung, thus throwing axis of each out of line with axis of barrel bore . . . for timing - "accuracy jobs" . . . locating cause of lead splatter . . . professional service inspections. An excellent tool to use when demonstrating to a customer "why"! The handle with knurled grip end is threaded to take any of the interchangeable heads, with sizes carefully selected to indicate very small misalignments. The .38 caliber heads are available in two diameters, one for Match guns that must be dead on for best performance and one for Service guns which aren't always thoroughly clean and don't have to meet quite as fine an accuracy standard. And, there's a special head for the S&W K-22 which has a slightly undersized bore.

Safety Instruction Guide for REVOLVER RANGE RODS COMBO

Introduction

Thank you for choosing the REVOLVER RANGE RODS COMBO for .22 & .22 Magnum. This product is designed to assist in ensuring the alignment of revolver barrels and cylinders, enhancing the accuracy of your shooting experience. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always handle firearms and related tools with care and responsibility.
- Ensure that the product is used only for its intended purpose as specified in the product description.
- Keep the product out of reach of children and unauthorized individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- In case of any malfunction or unusual behavior, discontinue use immediately and seek professional assistance.

Specific Safety Precautions for Use

- Ensure that the revolver is unloaded before using the range rod.
- Use the appropriate size head for your specific firearm caliber to avoid misalignment.
- Do not force the range rod into the barrel or cylinder; apply gentle pressure only.
- Avoid using the product in wet or damp conditions to prevent rust and corrosion.
- Always wear appropriate eye protection when using the range rod, especially during demonstrations.

Instructions for Installation and Usage

- 1. Selecting the Right Head:**
 - Choose the appropriate head based on your firearm caliber. The combo includes heads for various calibers including .22LR, K22, and .38/.357.
- 2. Attaching the Head:**
 - Thread the selected head onto the handle securely. Ensure it is tightly fitted to prevent it from detaching during use.
- 3. Using the Range Rod:**
 - Insert the range rod gently into the revolver barrel.
 - Check the alignment of the barrel and cylinder by observing any misalignment indicated by the rod.
 - If misalignment is detected, consult a professional gunsmith for further inspection and adjustment.
- 4. Removing the Range Rod:**
 - Carefully remove the range rod from the barrel after use. Avoid any sudden jerks or forceful pulling.
- 5. Cleaning and Maintenance:**
 - After use, clean the range rod and heads with a soft cloth to remove any debris or residue.
 - Store the range rod and heads in the fitted storage box to protect them from damage.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- If the product is no longer needed, consider recycling or disposing of it responsibly to minimize environmental impact.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the REVOLVER RANGE RODS COMBO, please refer to the manufacturer's contact information provided with your product packaging.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with the REVOLVER RANGE RODS COMBO. Always prioritize safety and responsibility when handling firearms and related tools.
