

REVOLVER RANGE RODS - REVOLVER RANGE ROD HEAD FOR .22 & .22 MAGNUM

[Gunsmith Tools & Supplies](#) > [Handgun Tools](#) > [Alignment Tools](#) > [Range Rods](#)

Tells Instantly If Barrel & Cylinder Are In Perfect Alignment-Match & Service Grade Available

Lets you know instantly if a revolver barrel and cylinder are in perfect alignment and if cylinder crane or yoke has been sprung, thus throwing axis of each out of line with axis of barrel bore . . . for timing - "accuracy jobs" . . . locating cause of lead splatter . . . professional service inspections. An excellent tool to use when demonstrating to a customer "why"! The handle with knurled grip end is threaded to take any of the interchangeable heads, with sizes carefully selected to indicate very small misalignments. The .38 caliber heads are available in two diameters, one for Match guns that must be dead on for best performance and one for Service guns which aren't always thoroughly clean and don't have to meet quite as fine an accuracy standard. And, there's a special head for the S&W K-22 which has a slightly undersized bore.

REVOLVER RANGE RODS Safety Instruction Guide

Introduction

Thank you for choosing the REVOLVER RANGE RODS. This guide provides essential safety instructions and guidelines to ensure the safe use of your product. Please read this document carefully before using the product to prevent any accidents and ensure optimal performance.

General Safety Guidelines

- Always handle the product with care to avoid injury.
- Ensure that the revolver is unloaded before using the range rods.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the use of firearms and related accessories.
- In case of any accidents or unsafe conditions, report them to the relevant authorities immediately.

Specific Safety Precautions for Use

- Use the REVOLVER RANGE RODS only for their intended purpose, which is to check the alignment of revolver barrels and cylinders.
- Do not use the product if any components are damaged or missing.
- Ensure that the interchangeable heads are securely attached to the handle before use.
- Avoid applying excessive force when using the range rods to prevent damage to the product or the firearm.
- Do not use the range rods in a manner that could cause distraction or loss of focus while handling firearms.

Instructions for Installation and Usage

1. Preparation:

- Ensure the revolver is completely unloaded and pointed in a safe direction.
- Select the appropriate head for your specific caliber from the interchangeable heads provided.

2. Attaching the Head:

- Take the handle of the REVOLVER RANGE RODS and locate the threaded end.
- Align the selected head with the threaded end of the handle.
- Twist the head clockwise until it is securely attached.

3. Using the Range Rod:

- Insert the range rod head into the revolver barrel.
- Gently push the rod until it seats fully against the cylinder.
- Observe the alignment of the barrel and cylinder. Any misalignment will be indicated by the position of the rod.
- For further diagnostics, refer to the instructions provided with the product.

4. After Use:

- Remove the range rod from the barrel and detach the head from the handle.
- Clean the range rod as necessary to maintain its condition.
- Store the range rod and heads in the fitted storage box to prevent damage.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the product is no longer usable, ensure that it is disposed of in a manner that prevents harm to the environment or public safety.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any inquiries or additional support regarding the REVOLVER RANGE RODS, please refer to the contact information provided on the product packaging or your purchase receipt.

Thank you for prioritizing safety while using the REVOLVER RANGE RODS. Your adherence to these guidelines helps ensure a safe and effective experience.
