

REVOLVER DEBURRING TOOL & CUTTERS - BROWNELLS 1/2" REVOLVER DEBURRING CUTTER ONLY

[Gunsmith Tools](#) > [Handgun Tools](#) > [Deburring Tools](#)

Cuts Quick, Duty Gun Chamfer In Small Cylinders

The Brownells Revolver Deburring Tools use high speed steel to remove burrs from the outer edges of the forcing cone to improve accuracy. Used on the chamber throat, this tool helps rounds drop in easily. It helps eliminate lead shaving or "spitting" in just one or two passes. It's unique design works without disassembling the gun. The complete cutting tools include the aluminum handle and instructions. The deburring cutters are also available individually. Revolver Deburring Tool Handle dimensions: 3" long 3/8" Revolver Deburring Tool fits: .17-.22 caliber revolvers 1/2" Revolver Deburring Tool fits: .32-.45 caliber revolvers

REVOLVER DEBURRING TOOL & CUTTERS

SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the REVOLVER DEBURRING TOOL & CUTTERS by BROWNELLS. This tool is designed to safely and effectively remove burrs from the outer edge of the forcing cone and chamber throat of revolvers, improving accuracy and ensuring smooth operation. Please read this safety instruction guide carefully to ensure safe usage and compliance with EU regulations.

General Safety Guidelines

- Always handle the tool with care and keep it out of reach of children.
- Ensure you are familiar with the operation of your revolver before using the deburring tool.
- Inspect the tool for any damage before each use. Do not use if damaged.
- Use the tool only for its intended purpose as specified in this guide.
- Wear appropriate personal protective equipment (PPE), including safety glasses, to protect against debris.
- Store the tool in a safe and dry place when not in use.

Specific Safety Precautions for Use

- Ensure the revolver is unloaded before using the deburring tool.
- Keep hands and other body parts clear of the cutting area during operation.
- Do not force the tool; allow it to do the work to prevent accidents or injuries.
- Use the appropriate size cutter for your specific revolver model to avoid damage.
- Do not use the tool on any firearm that is not in good working condition.
- Avoid using the tool in wet or damp environments to prevent slipping.

Instructions for Installation and Usage

1. Preparation:

- Ensure the revolver is completely unloaded.
- Gather all necessary tools and PPE.

2. Installing the Cutter:

- Select the appropriate cutter size (3/8" for .17 and .22 revolvers; 1/2" for .32 through .45 revolvers).
- Insert the cutter into the handle until it clicks into place securely.

3. Using the Deburring Tool:

- Position the revolver so that the forcing cone or chamber throat is accessible.
- Align the cutter with the area to be deburred.
- Apply gentle pressure and rotate the tool in a clockwise direction.
- Repeat the process if necessary, ensuring to check for burr removal after each pass.

4. PostUsage:

- Clean the tool after use to remove any debris or residue.
- Store the tool in a safe location, away from children and unauthorized users.

Disposal Instructions

- Dispose of the tool in accordance with local regulations.
- If the tool is damaged beyond repair, ensure it is disposed of in a manner that prevents any risk of injury to others.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the use of the REVOLVER DEBURRING TOOL & CUTTERS, please refer to the manufacturer's official website or contact an authorized dealer. Always ensure that you have the latest information regarding product safety and usage.

By following these safety instructions, you can ensure a safe and effective experience with your REVOLVER DEBURRING TOOL & CUTTERS. Thank you for your attention to safety, and enjoy using your product responsibly.
