

REVOLVER DEBURRING TOOL & CUTTERS - BROWNELLS 3/8" REVOLVER DEBURRING CUTTER ONLY

[Gunsmith Tools](#) > [Handgun Tools](#) > [Deburring Tools](#)

Cuts Quick, Duty Gun Chamfer In Small Cylinders

The Brownells Revolver Deburring Tools use high speed steel to remove burrs from the outer edges of the forcing cone to improve accuracy. Used on the chamber throat, this tool helps rounds drop in easily. It helps eliminate lead shaving or "spitting" in just one or two passes. It's unique design works without disassembling the gun. The complete cutting tools include the aluminum handle and instructions. The deburring cutters are also available individually. Revolver Deburring Tool Handle dimensions: 3" long 3/8" Revolver Deburring Tool fits: .17-.22 caliber revolvers 1/2" Revolver Deburring Tool fits: .32-.45 caliber revolvers

REVOLVER DEBURRING TOOL & CUTTERS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the REVOLVER DEBURRING TOOL & CUTTERS by BROWNELLS. This tool is designed to help improve the accuracy of your revolver by removing burrs from the forcing cone and chamber throat. To ensure safe and effective use, please read and follow this safety instruction guide carefully.

General Safety Guidelines

- Always use the tool in accordance with the manufacturer's instructions.
- Keep the tool out of reach of children and unauthorized users.
- Inspect the tool before each use for any signs of damage or wear.
- Do not use the tool if it is damaged or malfunctioning.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the tool.
- Store the tool in a safe and dry place when not in use.

Specific Safety Precautions for Use

- Ensure the revolver is unloaded before using the deburring tool.
- Avoid direct contact with the cutting edges of the tool to prevent cuts and injuries.
- Use the tool with a firm grip and maintain control during operation.
- Do not disassemble the tool while in use.
- Always cut away from your body and keep hands clear of the cutting area.
- If you are unsure about using the tool, seek assistance from someone with experience.

Instructions for Installation and Usage

Installation

1. Ensure the revolver is unloaded and safe to work on.
2. Select the appropriate cutter size (3/8" for .17 and .22 revolvers, or 1/2" for revolvers from .32 through .45).
3. Insert the cutter into the handle securely.
4. Confirm that the cutter is locked in place before proceeding.

Usage

1. Position the tool at the edge of the forcing cone or chamber throat.
2. Apply gentle pressure while rotating the tool to remove burrs.
3. Check frequently to ensure you are not removing excessive material.
4. After use, clean the tool to remove any debris and store it properly.

Disposal Instructions

- Dispose of any wornout or damaged tools in accordance with local regulations.
- Do not throw the tool in regular household waste; check for recycling options or hazardous waste disposal facilities.

Contact Information for Further Support

For any questions or concerns regarding the use of the REVOLVER DEBURRING TOOL & CUTTERS, please consult the manufacturer's website or contact your local distributor for assistance.

Important Note

In case of any unsafe product incidents or accidents, report them to the relevant authorities and check for recall updates on the EU's Safety Gate platform. Your safety is our priority, and adhering to these guidelines will help ensure a safe experience with your deburring tool.
