# SPRING KITS FOR NEW MODEL RUGER® SINGLE ACTION REVOLVERS RSA106 PROSPRING KIT USER MANUAL

## Introduction

Thank you for choosing the SPRING KITS FOR NEW MODEL RUGER® SINGLE ACTION REVOLVERS RSA106 PROSPRING KIT. This kit is designed to enhance the performance and reliability of your Ruger single action revolver. Please read this manual carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep firearms out of reach of children and unauthorized users.
- Ensure that all safety mechanisms are functioning before use.
- Always wear appropriate eye and ear protection when using firearms.
- Follow all local, state, and federal laws regarding firearm use and ownership.

## Specific Safety Precautions for Use

- **Potential Hazards:** Improper installation or use of the spring kit may result in malfunctions or unintended discharges.
- **Avoiding Hazards:**
  - Ensure you are familiar with the workings of your Ruger revolver before attempting to install the kit.
  - Do not attempt to modify the springs beyond the intended specifications.
  - Always perform a function check after installation to ensure safe operation.
- **Age Restrictions:** This product is intended for use by individuals who are legally permitted to own and operate firearms. Ensure that you are of legal age in your jurisdiction.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools: screwdriver, punch, and a clean workspace.

### 2. Installation Steps:

- Remove the grips from the revolver to access the internal components.
- Carefully remove the factory hammer spring and trigger spring using the appropriate tools.
- Install the new reduced power hammer spring (choose from 17 lb, 18 lb, or 19 lb) and the 35% reduced power trigger spring. Ensure they are seated properly.
- Reinstall the factory base pin latch spring or the extra power base pin latch spring as desired.
- Reattach the grips securely.

### 3. PostInstallation Checks:

- Perform a function check by cycling the action and ensuring smooth operation.
- Verify that the trigger pull meets your preference and is safe for operation.

## Disposal Instructions

- Dispose of old springs and components in accordance with local regulations.
- Do not dispose of any firearm components in regular household waste.
- Check with local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For safety inquiries, product support, and recall updates, please refer to your local regulatory body or authorized dealer. Always stay informed about the safety of your products.

**Note:** This manual is not a substitute for professional training in firearm safety and operation. Always seek guidance from a qualified instructor if you are unfamiliar with firearms.

By following these guidelines, you can ensure the safe and effective use of your SPRING KITS FOR NEW MODEL RUGER® SINGLE ACTION REVOLVERS RSA106 PROSPRING KIT. Thank you for your attention to safety and responsible firearm ownership.
