Safety Instruction Guide for STEEL PILOTS STEEL PILOT FOR .35 MUZZLE

Introduction

Thank you for choosing the STEEL PILOTS STEEL PILOT FOR .35 MUZZLE. This product is designed to provide reliable performance in bore applications. It is essential to read and understand these safety instructions to ensure safe use and compliance with EU regulations.

General Safety Guidelines

- Always follow the manufacturer's instructions to ensure safe usage.
- Inspect the product before each use for any signs of damage or wear.
- Use appropriate personal protective equipment (PPE) including safety glasses and gloves.
- Keep the product out of reach of children and unauthorized users.
- Store the product in a dry and secure location when not in use.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- The hardened steel pilot is designed for use with specific calibers. Ensure compatibility with your equipment before use.
- Avoid using the pilot if it shows signs of excessive wear or damage.
- Ensure that the work area is clean and free from obstructions before beginning any work.
- Do not exceed the recommended operational limits for the pilot to prevent accidents.
- Always follow the proper technique when using chamfering or facing cutters to avoid injury.

Instructions for Installation and Usage

1. Installation:

- Ensure that the equipment you are using is compatible with the .35 caliber steel pilot.
- Securely attach the pilot to the appropriate tool, following the manufacturer's guidelines.
- Check that the pilot is properly centered in the bore before use.

2. Usage:

- Always operate the tool in a wellventilated area.
- Maintain a firm grip on the tool and pilot during operation.
- Avoid distractions while using the pilot to ensure full attention to the task.
- If any unusual noises or vibrations occur, stop using the tool immediately and inspect for issues.

3. PostUsage:

- Clean the pilot after each use to remove any debris or residue.
- Store the pilot in its designated location to prevent damage.

Disposal Instructions

- Dispose of the STEEL PILOTS STEEL PILOT in accordance with local regulations.
- Do not dispose of the product in household waste. Check for local recycling programs that accept metal products.
- Ensure that any damaged or unusable products are disposed of safely to prevent injury.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's contact information provided with the product.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of the STEEL PILOTS STEEL PILOT FOR .35 MUZZLE. Thank you for prioritizing safety in your work.
