# Safety Instruction Guide for STEEL PILOTS STEEL PILOT FOR .45 ACP2 CYLINDER

## Introduction

Thank you for choosing the STEEL PILOTS STEEL PILOT FOR .45 ACP2 CYLINDER. This product is designed to provide precision and durability for your chamfering needs. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always ensure that the product is used in accordance with the manufacturer's specifications.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the relevant authorities.
- Stay updated on product recalls and safety notices through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Use personal protective equipment (PPE), including safety goggles and gloves, when operating the product.
- Ensure that the work area is clean and free from obstructions before beginning any work.
- Do not exceed the recommended specifications for the product, including the caliber and material compatibility.
- Avoid using the product in wet or damp conditions to prevent slipping or accidents.
- Do not modify the product in any way that could compromise its safety or functionality.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the work surface is stable and secure.
- Insert the hardened steel pilot into the appropriate tool or machine designed for chamfering.
- Confirm that the pilot is properly secured and aligned before proceeding.

### 2. Usage:

- Always follow the specific instructions for your tool or machine when using the pilot.
- Begin with a low speed to ensure control and precision.
- Gradually increase speed as needed, but do not exceed the recommended limits.
- Maintain a firm grip on the tool or machine while in operation.
- If you experience unusual vibrations or sounds, stop using the product immediately and inspect for issues.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check for any recycling programs in your area that accept metal products.

## **Contact Information for Further Support**

For any inquiries regarding safety or product usage, please refer to the manufacturer's contact details provided with the product packaging or visit the manufacturer's website.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities.
