

1911 SLIDE FITTING BARS - 1911 SLIDE FITTING BAR .112" (2.8448MM)

[Gunsmith Tools & Supplies](#) > [Handgun Tools](#) > [Slide Tools](#)

Remove Slide "Play" Accurately & Professionally

Surface ground and hardened tool steel bars in ten thicknesses - Recommended by agency armorers and top pistolsmiths as the most accurate way to remove vertical slide "play" from the 1911 Auto, its variations and copies. May be slower than the quick-and-dirty methods, but gives an infinitely more accurate and professional job. Basic procedure as follows: Measure gun's slide rail thickness; place closest-sized Slide Fitting Bar in frame "way"; tap frame rail with light hammer to close the "ways" space down to match the slide rail thickness. Complete instructions included.

Safety Instruction Guide for 1911 Slide Fitting Bars

Introduction

Thank you for choosing the 1911 Slide Fitting Bars. These bars are designed to help you achieve a precise fit for your 1911 Auto slide, ensuring optimal performance and safety. This guide provides essential safety instructions and guidelines to ensure your safe use of the product.

General Safety Guidelines

- Ensure that you read and understand all instructions before using the 1911 Slide Fitting Bars.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the bars.
- Inspect the bars for any damage or wear before each use. Do not use damaged tools.
- Use the bars only for their intended purpose as outlined in this guide.
- Be aware of your surroundings when using the bars to avoid accidents or injuries.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

- When measuring the gun's slide rail thickness, ensure that the gun is unloaded and in a safe condition.
- Use a light hammer to tap the frame rail gently. Excessive force may damage the frame or the bars.
- Ensure that the Slide Fitting Bar is properly sized for the frame "way" to avoid slippage or misalignment.
- Do not attempt to modify the bars or use them for any purpose other than intended.
- Store the Slide Fitting Bars in the provided storage box when not in use to prevent damage and ensure safety.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and in a safe condition.
- Gather the necessary tools, including the 1911 Slide Fitting Bars and a light hammer.

2. Measure Slide Rail Thickness:

- Carefully measure the thickness of the gun's slide rail using a caliper or appropriate measuring tool.

3. Select the Appropriate Bar:

- Choose the closest sized Slide Fitting Bar that matches the measured thickness.

4. Placement:

- Insert the selected Slide Fitting Bar into the frame "way."

5. Adjustment:

- Gently tap the frame rail with a light hammer to close the "ways" space down to match the slide rail thickness. Ensure even pressure and avoid excessive force.

6. Final Check:

- After adjustment, check the fit of the slide to ensure there is no vertical play. Repeat the process if necessary with a different bar size.

7. Completion:

- Once satisfied with the fit, remove the Slide Fitting Bar and reassemble the firearm as needed.

Disposal Instructions

- Dispose of any damaged or unusable Slide Fitting Bars in accordance with local waste disposal regulations.
- If the product is no longer needed, consider recycling if applicable, or contact local waste management for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of the 1911 Slide Fitting Bars, please consult the manufacturer's website or customer service for additional support. Ensure that you have the product information handy for quicker assistance.

Thank you for following these safety guidelines and instructions. Your safety and the proper use of the 1911 Slide Fitting Bars are our top priority.
