

# 1911 SLIDE FITTING BARS - 1911 SLIDE FITTING BAR .114" (2.8956MM)

[Gunsmith Tools & Supplies](#) > [Handgun Tools](#) > [Slide Tools](#)

## Remove Slide "Play" Accurately & Professionally

Surface ground and hardened tool steel bars in ten thicknesses -

Recommended by agency armorers and top pistolsmiths as the most accurate way to remove vertical slide "play" from the 1911 Auto, its variations and copies. May be slower than the quick-and-dirty methods, but gives an infinitely more accurate and professional job. Basic procedure as follows: Measure gun's slide rail thickness; place closest-sized Slide Fitting Bar in frame "way"; tap frame rail with light hammer to close the "ways" space down to match the slide rail thickness. Complete instructions included.

# Safety Instruction Guide for 1911 Slide Fitting Bars

## Introduction

Thank you for choosing the 1911 Slide Fitting Bars. This guide provides essential safety instructions and usage information to ensure a safe and effective experience with the product. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the product.
- Inspect the product before use for any signs of damage or wear. Do not use damaged products.
- Store the product in a safe and dry location when not in use.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use caution when handling the Slide Fitting Bars to avoid injury from sharp edges.
- Ensure that the firearm is unloaded and safe before beginning any work.
- Follow the measuring instructions carefully to avoid incorrect adjustments that could compromise firearm safety.
- Use a light hammer to tap the frame rail; excessive force may cause damage to the firearm or the Slide Fitting Bars.
- Do not attempt to modify the Slide Fitting Bars or the firearm beyond the recommended procedures outlined in this guide.

## Instructions for Installation and Usage

### 1. Measure the Slide Rail Thickness

- Use a caliper or similar measuring tool to determine the thickness of the gun's slide rail.

### 2. Select the Appropriate Slide Fitting Bar

- Choose the Slide Fitting Bar that is closest in size to the measured thickness.

### 3. Prepare the Frame

- Place the selected Slide Fitting Bar into the frame "way" where the slide rail fits.

### 4. Adjust the Frame Rail

- Gently tap the frame rail with a light hammer to close the "ways" space down to match the slide rail thickness.
- Ensure that adjustments are made evenly to avoid misalignment.

### 5. Check for Fit

- After making adjustments, check the fit of the slide on the frame to ensure there is no vertical play.

- Repeat the measuring and adjusting process if necessary.

## 6. Complete Instructions

- Refer to the complete instructions provided with the product for additional details and best practices.

## Disposal Instructions

- Dispose of any damaged or unused Slide Fitting Bars in accordance with local regulations.
- Do not dispose of the product in household waste. Check with your local waste management authority for proper disposal methods.

## Contact Information for Further Support

For safety inquiries or additional support, please refer to the contact information provided with your product packaging.

By following these safety instructions, you can ensure a safe and effective experience while using the 1911 Slide Fitting Bars. Thank you for your attention to safety and for choosing our product.
